Section 6 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520, 3 AAC 306.525, and 3 AAC 306.560.
Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Kief		
Product Type:	Marijuana Concentrate (Smokable/Wholesale/In-house)		
Perishable: Yes/No	No	**Shelf Life:** If perishable.	

Product Description: Details must include the color, shape, and texture.	Kief has a powdery consistency and can also be pressed into a soft, but compact brick or disc. The color ranges from light green to brown.
Ingredients: This box is not applicable to marijuana concentrates.	N/A
Standard Production Procedure and Detailed Manufacturing Process:	Cannabis is sifted through various screens to mechanically sieve the flower's trichomes or resin glands from the rest of the plant matter. The resin glands are then collected and stored in a cool dry place. The leftover plant matter is then used for further extraction to remove any residual THC.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.
Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Kief
Product Type:	Marijuana Concentrate (Smokable/Wholesale/In-house)
Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	Up to 7 grams of kief will be packaged into non-stick, silicone, acrylic, plastic or glass containers with a lid. The small container will then be packaged into a mylar bag, box, or clamshell enclosure. The product's complete packaging will be resealable and child-resistant. Retail stores will ensure that purchases are in opaque exit bags. The total THC content will range from 20-99% with the actual THC content and solvent use will be listed on the label per the testing results. Up to 5 pounds of Kief will be stored in sanitized food-grade containers for wholesale sales or in-house use with their respective labels and test results.
Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.	**License Number:** 15790 **Batch/Lot Number:** 000BA8675 **Net MJ Weight:** 0.5 gm **Tested By:** ABC Testing **License Number:** XXXXX **Strain:** Blue Dream **Retailer:** Scorpion Grass **License Number:** 15788 **Total THC:** XX% **CBD:** XX% **CBN:** XX% Cannabis Company SCORPION GRASS Trademark Established 2017 KIEF **THCA:** XX% **CBDA:** XX% **METRC #:** 3688750000364511 15AB **Microbial Test:** **Pesticides:** **Herbicides:** **Fungicides:** **Residual Solvent Test:** **Contaminants Test Result:** **Alaska Safety Warning:** *Marijuana has intoxicating effects and may be habit forming and addictive. Marijuana impairs concentration, coordination and judgment. Do not operate a vehicle or machinery under its influence. There are health risks associated with consumption of marijuana. For use only by adults twenty-one and older. Keep out of the reach of children. Marijuana should not be used by women who are pregnant or breast feeding.* ***Keep Refrigerated for quality***
