Re: Limited Marijuana Cultivation Facility #28104

Dear applicant,

The AMCO Office has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **Online Application**
  - I have rolled the application back to "New" status so you can make changes to your online application (in MyAlaska). Based on the rest of your application, and please correct me if I am mistaken: remove Excelsior Solutions, LLC from the Entity Officials, add Dana as an Entity Official, and remove both Affiliates.
    - An updated Public Notice will generate which you will need as part of your corrections outlined below under MJ-07, and MJ-08. Once you make the corrections to the online application, please send an email notifying me that you have done so, so that I may update the application status from "Initiated" to "Incomplete".

- **MJ-02 Premises Diagram**
  - Is the hallway completely blocked off from the residential area? My understanding is that the hallway would need to be part of the restricted access area in order to move plants back and forth and be on camera. Please address accordingly.
  - I see the small bathroom by the flower room is part of the restricted access area. The bathroom can be a part of the licensed premises, but it should not be a part of the restricted access area because restricted access areas need cameras, and bathrooms should not have cameras.
  - Is there an upstairs that is part of the residential area? If so, please show this on Diagram 2 and/or Diagram 5.

- **MJ-04 Cultivation Supplemental**
  - Section 4.6: The only item listed that I see on the list of approved products from DEC is, Lost Plant Therapy 25b. Please let me know if I'm mistaken, and correct your answer accordingly. All proposed products must be on DEC's list of approved pesticides in the state of Alaska. DEC's list of approved pesticides used on cannabis is at the following link: https://dec.alaska.gov/eh/pest/cannabis/
  - Section 4.7: please describe all gases, including carbon dioxide management, to be used, if any.

- **MJ-07 Public Notice Posting Affidavit**
  - Because of the discrepancies on the online application, please repost the Public Notice (after correcting and submitting the online application) at both, the location of the proposed premises and another conspicuous location for ten days, and then submit a new MJ-07 completed and signed in front of a notary.

- **MJ-08 Local Government Notice Affidavit**
  - Because of the discrepancies on the online application, please re-notify the local government by submitting to them the Public Notice (after correcting and submitting the online application), and then submit a new MJ-08 completed and signed in front of a notary.

- **MJ-09 Statement of Financial Interest**
  - It appears there is a typo in Joseph's SSN on form MJ-09. Please correct accordingly.

- **Proof of Possession for Proposed Premises**
  - In the lease, please include:
    - The disclaimer that the landlord may not take possession of any marijuana or marijuana product, and that AMCO will be contacted in the event that this is necessary.

It is very important that you submit the above corrections and/or documents in a timely manner so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter.

Respectfully,

Jacqlene Drulis, Local Government Specialist
