Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required $250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Leaf & Larf, LLC	**MJ License #:**		27520	
License Type:	Marijuana Concentrate Manufacturing Facility				
Doing Business As:	Purgatory Cannabis				
Premises Address:	43280 Kenai Spur Hwy, Unit F				
City:	Nikiski	**State:**	Alaska	**ZIP:**	99635

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Full Extract Cannabis Oil (FECO)		
Product Type: Choose one.	Marijuana Concentrate		
Perishable: Yes/No	No	**Shelf Life:** If perishable.	
Intended Use: Smokable/ edible/topical/wholesale/etc.	Smokable/Wholesale/In-house		

Received by AMCO 5.26.22. Payment 5.26.22

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	FECO oil is a thick dark green/brown sticky liquid that takes the shape of its container.
Ingredients:	N/A
Standard Production Procedure and Detailed Manufacturing Process:	Full Extract Cannabis Oil (FECO) – Decarboxylated Cannabis bud/flower will be soaked in ethanol and placed in a mason jar or other suitable container until the cannabinoids are dissolved into the alcohol solution. The plant material will then be strained from the resulting tincture and disposed of. The alcohol solution (tincture) will then be evaporated using a roto-evaporator or air evaporated. The oil will then be decarboxylated by using a hot plate. The resulting oil will be properly labeled and stored until test results are achieved. Actual solvent used in production will be clearly identified on the final product label.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	

Received by AMCO 5.26.22. Payment 5.26.22

Section 4 – Proposed Product Packaging and Sample Label

Enter information for the packaging and labeling of the marijuana product for which you are seeking MCB approval.

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.

FECO, in amounts of not more than seven (7) grams, will be placed into small glass, plastic or silicone containers or syringes and then packaged into resealable mylar bags, child resistant blister packs, or cardboard boxes with tamper seal or child-resistant design. All final packaging will be child-resistant. THC will range between 25-99%. The actual amount of total THC will be listed on the label per testing results. Products packaged in a windowed mylar bag or blister pack will be placed in opaque exit packaging by the retailer prior to the customer exiting the retail store.

Up to 5 pounds of FECO may be stored in food-grade containers for wholesale sales or used in-house.

Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.
