November 8, 2023

To AMCO Board Members:

I am attaching this letter for MJ-20 renewal application certifications for license numbers 12125 and 12471. I am currently unable to initial one or more of the boxes on MJ-20, Section 3 and Section 5.

I have been requested to sign the MJ-20 forms for the renewal of both licenses listed above, however, I find I cannot initial multiple boxes located in Section 3 and Section 5 of the forms which would require me to certify that:

Section 3 — Violations Charges:

Statement: I certify that a notice of violation has **not** been issued for this license between July I, 2022, and-June 30, 2023.

I cannot initial this statement because it is my understanding that there was a Notice of Violation issued to Alaska Marijuana Gardens (AMG) because of over $62,000.00 owed in delinquent taxes owed As I had not been allowed access to the building, and had no knowledge of how operating procedures, finances, or any other aspect of the businesses were being managed by Evanjelina. I was totally unaware that taxes, lease payments, and other financial obligations were not being paid as were required.

Section 5 — Certifications

Statements:

I certify that no person other than a licensee listed on my marijuana establishment license renewal application has a direct or indirect financial interest, as defined in 3 AAC 306.015 (e) (1) in the business for which the marijuana establishment license has been issued.

I certify that this establishment complies with any applicable health, fire, safety, or tax statute, ordinance. regulation, or other law in the stale.

I certify that the license is operated in accordance with the operating plan currently approved by the Marijuana Control Board.

I certify that I am operating in compliance with the Alaska Department of Labor and Workforce Development 's laws and requirements pertaining to employees.

1 certify that I have not violated any restrictions pertaining to this particular license type, and that this license has not been operated in violation of a condition or restriction imposed by the Marijuana Control Board.

I cannot initial the above statements as I have not been allowed access to the premises, the office, books, etc. since February 25, 2021, and therefore I have no knowledge of what has transpired involving any aspect of either business..

Following are the options I have presented to Evanjelina, **a)**. not initialing the boxes next to the above statements above and attaching a written explanation of why I cannot certify one or more of the above statements, or: **b)**. the possibility of Evanjelina writing a document acknowledging the fact that she is aware that I cannot initial the boxes next to the statements above since she has denied me access to the premises, since 2/25/2021, and therefore, I cannot verify the information that I am required to certify. The document must also include a statement saying Evanjelina accepts all liability for any false information provided regarding the MJ-20 statements that are to be certified as being truthful, and it must also be notarized by her.

As you can see, I am being proactive in my efforts to renew licenses 12125 and 12471, while also protecting myself from and liability that might arise from Evanjelina's actions while she is operating the businesses, and I continue to be denied access. Hopefully, these problems will be resolved through litigation in the courts. I plan on having my civil Complaint regarding Alaska Wild Coyote, Inc. and Evanjelina Gonzalez filed with the Superior Court in Anchorage prior to the upcoming board meeting scheduled for November 15th and 16th, and will furnish the case number, and a copy of the Complaint to the Board as soon as it is filed so it may be reviewed prior to the meeting if the Board wishes.

Sincerely, Armando Eduardo Gonzalez
