This waiver application is the: <input checked="" type="checkbox"/> 1 <sup>st</sup> Request <input type="checkbox"/> 2 <sup>nd</sup> Request <input type="checkbox"/> 3 <sup>rd</sup> Request <input type="checkbox"/> Other _____	
Waiver Request for Calendar Year: 2016	Is this license for sale? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No I am the new owner, waiting for final transfer

**Explanation of the circumstances for non-operation of license. Include relevant information as to why the license was not operated, any future plans for operating the license and projected timelines. Attach additional sheets if necessary.**

I am the new owner of this license. I purchased the license in July of 2016 and determined that the bar needed a major remodel in order to be safe, clean, and up to current building codes. I was unable to operate this license because of the remodel, as well as the transfer of the license from the old owners not being complete.

I am ready to open and start operating the license as soon as March 16th should I get all inspections completed in a timely manner and the license handed over.

Waiver of Operation  
Request Description

I currently have a lease with a build to suit option for property located at 450Trent Circle in the Mat-Su Borough. Although our current liquor license reflect 'No Premises', this parcel is where I intend to build a restaurant / lounge and operate the liquor license.

We were informed almost a year ago that the property was in a Flood Plain, however the Mat-Su Borough was working with FEMA to redraw the Flood Plain Map in the area via Map Amendment. The Mat-Su Borough's plan of map change with FEMA can be found at <http://msb.maps.arcgis.com/apps/StorytellingSwipe/index.html?appid=9474c8ea28274376bfa7facb1a72942b#>. Additionally I have provided copies of the existing Flood Plain Map and the Proposed Flood Plain Map. In discussions with our surveyor (Acutek Geomatics) as well as Michelle Olsen, Permit Technician of the Mat-Su Borough, we expected this flood plain change to be completed in 2016. However, to date this process has not been completed between the Borough and FEMA.

A building constructed in a Flood Plain is not financeable or reasonably insurable, and therefore cannot feasibly be constructed until the remapping of the flood plain is completed. To construct a building outside these parameters would require 100% cash only investment in the platting and construction, and would be substantially high-risk with an uninsured building. I am currently not in the financial position to pay such costs or assume such liability.

To expedite the process once the Flood Plain designation has been changed, we have been working with our surveyors in the platting of the property to allow for an ideal parcel for the proposed restaurant / lounge building. We hope to begin the platting of the parcel and construction of the building immediately upon the property becoming insurable and financeable. I have also attached a copy of the preliminary platting concepts for your reference as well. Again, I am actively working on any aspect of the project that could provide expedited completion of the building.

Should you have any questions or need any additional information, please feel free to contact me at 907-232-1304.

Thank you,

Ashlee Stetson

Re: Professional survey proposal for property described in Warranty Deed #2005-011192-0 Palmer Recording District. Township 17 North, Range 1 West, Section 11, Tax Lots A10, A11 & Tax Parcel B24 in Section 12

Attached to this proposal, you will find 3 sketches of possible lot designs. This quote does not reflect Design #3, which is intended to show a possibility of Full Plat design with road construction. These designs are draft only, and have not been reviewed or approved by the Matanuska-Susitna Borough at this time. No easements have been researched on this property at this time. A title report (Certificate to Plat) will disclose all easements that we were not able to find on public record. It is unclear, without having the Preliminary Application Conference with the MSB, if the MSB will require any Right-of-Way dedication for that portion of Trent Circle that lies within the subject parcel. The areas in those proposed lots are subject to change.

## Our scope of work:

**Fixed Fee: \$8,400**

- Preliminary Application Conference with the MSB
- Asbuilt Survey (tie utilities and any existing features)
- Topographic Survey
- Production of Preliminary plat
- Attend Public Hearing in front of Platting Board
- Monument all lot corners
- Final Plat submittal
- Pay Recording Fees (\$26.00)

## Other considerations necessary for plat approval:

### 1) Professional Engineer:

Engineer will be tasked with the Geotechnical investigation, test holes, Useable Soils and buildable area report. We use Dan Steiner (357-5609) and Curt Holler (376-0410)

### 2) Certificate to Plat:

**Estimate \$310**

If you have a title company that you work with, a certificate to plat will need to be ordered from them. If you do not have one you deal with, I can recommend MatSu Title (376-5294).

**3) Borough Platting Fees:**

Abbreviated Plat: \$500

Postage and advertizing fees: \$125 +/-

**4) Property taxes:**

Prior to the final recording of the plat the borough requires that all property taxes levied be current.

To initiate our work please contact our office. We require a retainer of \$2,800 to be paid to commence work, this is one-third of our total fee. There will be forms and a letter which authorizes my company to act as your agent for this action. These papers will require the signatures of all the owners, or the signee of the corporation. When we are ready to submit the preliminary plat of the proposed subdivision, along with the required items layed out on the Preliminary Application workup (IE engineer reports, certificate to plat, fees) the second installment of \$2,800 will be due. The Public Hearing will then take place, and assuming that we are not required to fulfill any conditions that are not expected, we will then commence with our creation of the final plat. When we are ready to submit the final plat of the proposed subdivision the remaining \$2,800 of our fee will be due.

There is a lot of information in this letter, so if you have any questions that I can answer, please call anytime at 376-8800. We look forward to serving you on this project and other endeavors in the future.

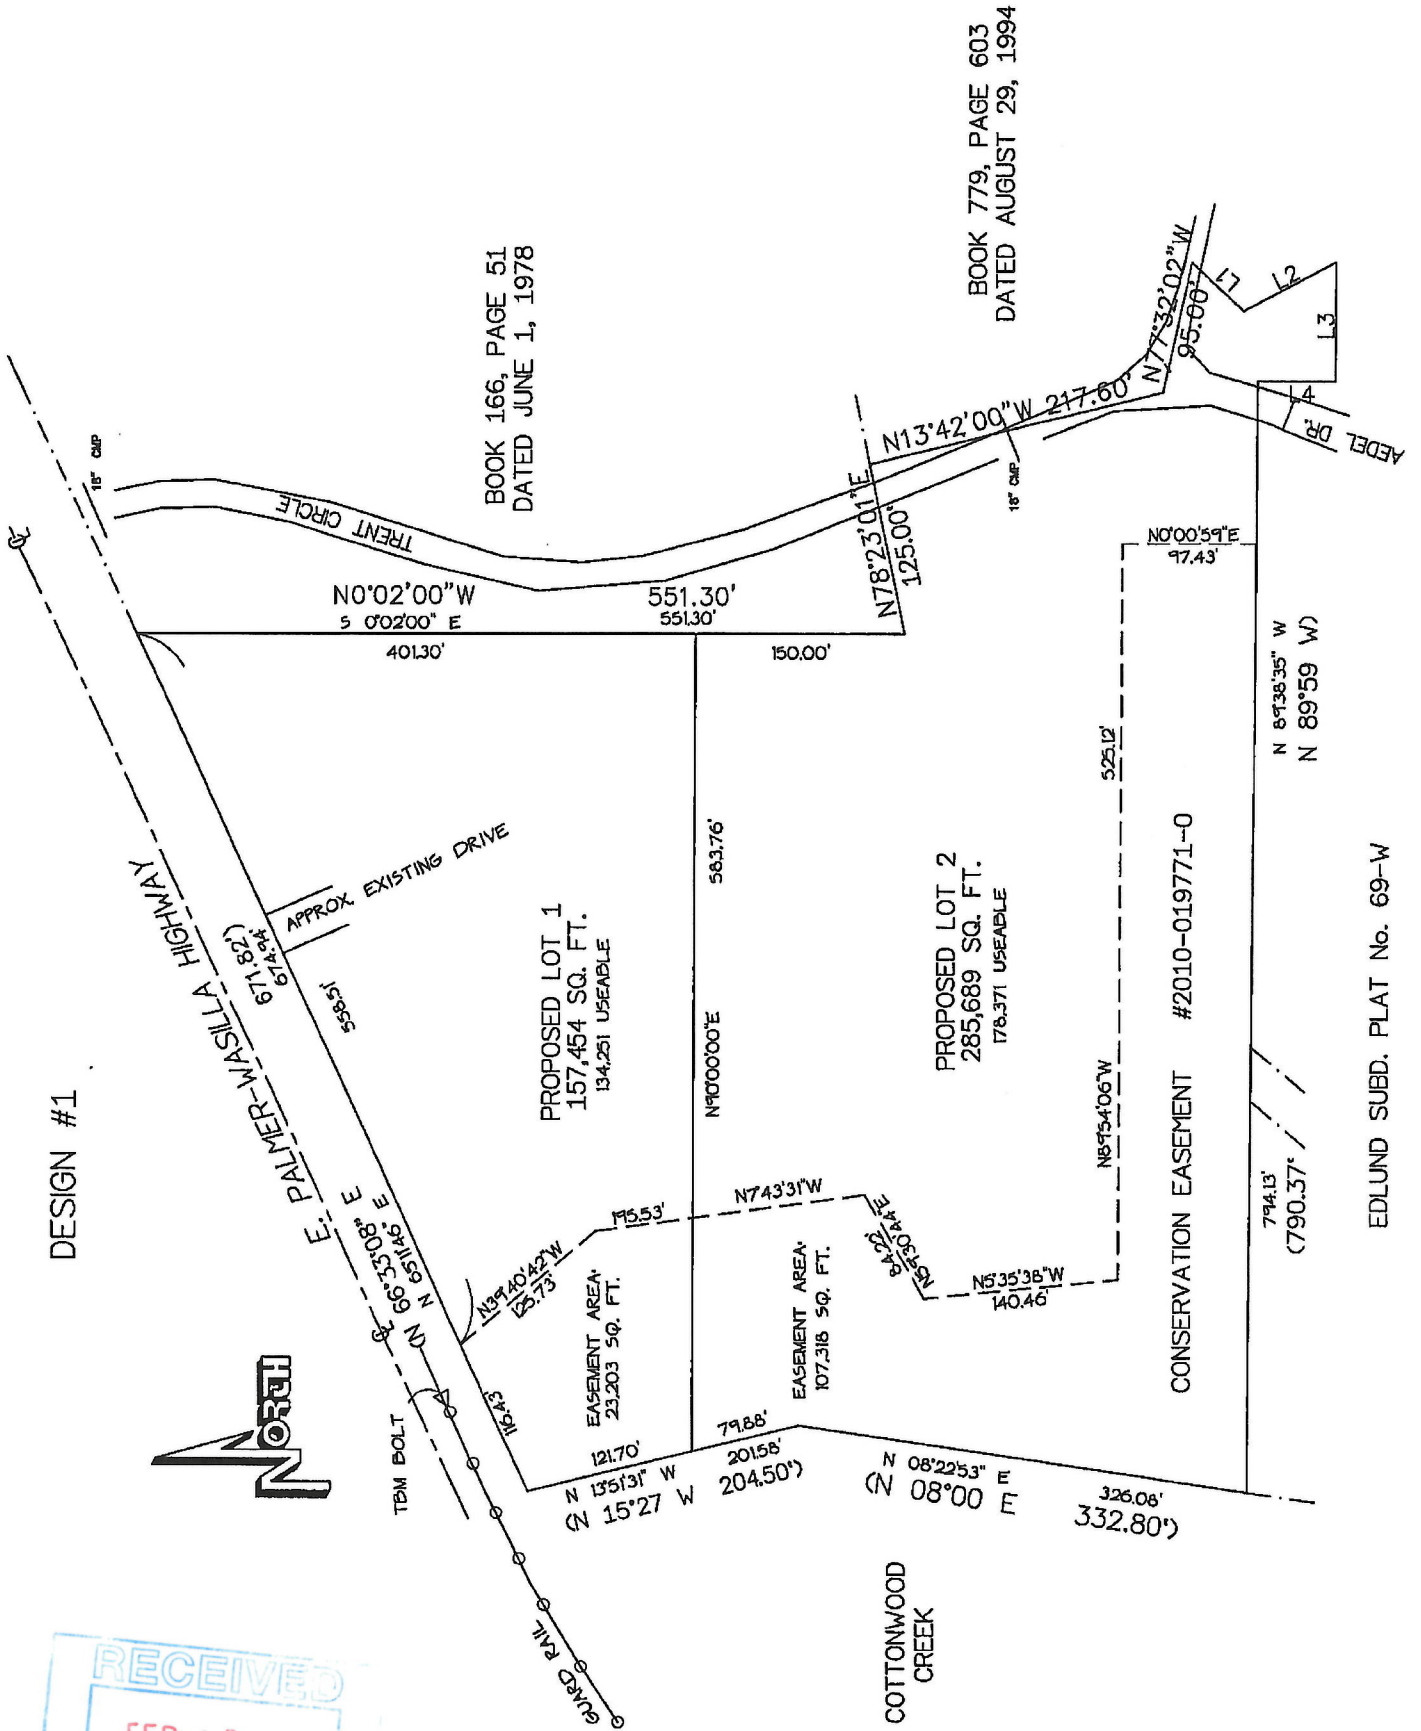

Regards,

Tendra L. Nicodemus  
Office Manager

Is this license for sale?

Yes  No

Explanation of the circumstances for non-operation of license. Include relevant information as to why the license was not operated, any future plans for operating the license and projected timelines. Attach additional sheets if necessary.

Mid summer 2015 we decided to put our license # 3487 up for sale + close our business + put our property up for sale. Beginning winter of 2015 we agreed to sell license to Glenn Brady of Silver Gulch Brewing + Bottling Co, pending license transfer. I believe the first attempt to transfer license was done + submitted by end of 2015. Since the first time, I believe Glenn has had to re-submit transfer request 4 or 5 times, which has taken up the entire calendar year 2016. Now the license is up for renewal + transfer is still not approved. we are trying to keep license in good standing, so there are no more problems with transfer. we still intend to transfer this license to Glen Brady pending board approval.

### Waiver Request Information

This waiver application is the:  1<sup>st</sup> Request  2<sup>nd</sup> Request  3<sup>rd</sup> Request  Other \_\_\_\_\_

Waiver Request for Calendar Year: <i>2017</i>	Is this license for sale? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
--	--

**Explanation of the circumstances for non-operation of license. Include relevant information as to why the license was not operated, any future plans for operating the license and projected timelines. Attach additional sheets if necessary.**

Turnagain Arm BBQ Pit has successfully operated a restaurant on the Seward Hwy, in the town of Indian, Alaska with a restaurant eating place (beer and wine) license # 4991 since 2010.

In April 2016 we had the opportunity to relocate our restaurant 100 ft down the Seward highway, still in the town of Indian. We began the application for transfer of license #4991 to our new location.

Awaiting the transfer process to complete, we opened and operated the restaurant, in the new location, starting April 29-June 10 2016.

On June 11, 2016, this new location sustained a devastating fire and the restaurant could not operate for the remainder of the season. In the interim the transfer process of license #4991, proceeded as planned and we believe was approved in September. We are waiting for a scheduled inspection sometime in the near future.

In December during renewal period, we completed application indicating we were not able to operate license #4991 in 2016, and are now responding to your further inquiry with application for waiver. In the processing of reconstruction and acquiring ownership of the new location, we received through transfer and are operating license #2805. Operation of license #2805 began Feb 11, 2017 and will continue for the 30 required days of operation, at which time we plan to transfer to a new owner. At the time of transfer of #2805 we will resume operating license # 4991, and are anticipating that will occur possibly in June 2017.

**Explanation of the circumstances for non-operation of license. Include relevant information as to why the license was not operated, any future plans for operating the license and projected timelines. Attach additional sheets if necessary.**

Lucas is completing training at a distillery in Oregon  
We have applied for an SBA Loan, that process has taken longer than expected.  
Once Lending is complete we will buy a still and bottles.  
We still plan to open in May of 2017
