Infants on Licensed Premises – updating Breastfeeding provision	Waiting for approval from Law to send out for public comment. Law approved 6.23.23. Sent out for p.c. 6.26.23. Public comment closed 7.28.23. To be considered by Board at Aug. 2023 meeting.
Security Interest Transfer – like in alcohol	Readdressed by Board at June 2023 meeting. Draft for Board discussion at Aug. 2023 meeting.
(state?) taxes owed – renewals- waiver of confidentiality	This project is complicated. At the January 2022 meeting, the board wanted the draft to be re-worked. I need to look at it with director. At some point there was the question of what the term "the board will" really means. 6.2.23: revived with the project regarding waiver of confidentiality. 7.10.23 Joan taking a stab at it.
Packaging – multipack (Momo's bakery example)	In the queue. Needs to be re-looked at on whether it really needs regulations change or can it just be guidance. At June 2023 meeting: revived. Draft for Board discussion at Aug. 2023 meeting.
Handler Permit Course Training – 306.701	In the queue. Need to relisten to the conversation. Look in minutes for date of convo. At the March 2023 meeting, Eliza would like to be part of auditing of these courses to update regulations if necessary. 6.2.23:

	conversation revived. 7.10.23 Staff reaching out to Eliza M. for collaboration.
Fees, Entity Ownership Change – 306.100	At the June meeting board approved draft to send out for p.c. Sent to Law for preliminary review 7.12.23.
Overlapping premises – 306.705, 306.710	At the June meeting Board opens project to expand what is permitted and correct wording prescribed/proscribed. With LAW to review if wording fix is possible to 'proscribed' without opening regs project.
Introduction of seeds to premises – 306.405 (a)(8)(9)	At the June meeting Board opens regs project re: amend 306.405 to focus on the number of and the manner of introduction of seeds to a premises. B. Schulte wishes to take part in this project. In research.
Operating Plans	At June meeting Board opens project with desire to simplify application process regarding operating plans. In research.
