---

Good Afternoon,

Please see the attached letter of non-compliance for the Tufted Puffin location in Soldotna. Paperwork had been submitted for a plan review and permit in 2022, but the permitting process and plan review were inactivated as the plan review was not completed. An email to the owners sent in 2023 about continuing the permitting process was unanswered.

Please let me know if you have any questions.

Thank you.

Heidi Isernhagen
