Resolution of Green Life Supply, LLC (2025.10.01) (final+signed) (1986803.1).pdf

---

Regina:

Thank you for following up.

I may have initially misunderstood your message. Are you saying that we did submit the publisher's affidavits, but they need to be reposted? If newspaper notice needs to be re-done, we will plan to start that again next week. Can you clarify the reason re-posting is needed so I can explain to the licensee?

Regarding the signature of the personal representative, we have not heard from them in a while, and I do not know if we will have their signature on the forms prior to the December meeting. I will contact them again next week, but regardless of whether we have their signature on the form or not, the Members of the Company request that this application be provided to the Board for consideration.

Pursuant to the Company's operating agreement in place at the time of Mr. Davis's death, upon his death he was no longer a Member of the Company and only "Economic Rights" related to his in his interest in the Company (the limited ability to share only in profits and distributions of the Company) passed to his Estate. The remaining Members have since amended the Operating Agreement (which was provided with the license transfer application) and passed the attached resolution, which confirmed the removal of Davis and further removed any economic interest held by his estate on the grounds that the estate/personal representative is not eligible to be a Member of the Company or to maintain an economic interest in the Company.

Accordingly, the remaining Members do not believe the signature of the Personal Representative is required to complete this application. We will be prepared to discuss this matter with the Board and intend to notify the personal representative when and if this matter is set for Board review. We can also provide a more detailed explanation or memo to the Board if that would be helpful. My expectation, like with other similar matters, is that we will see some movement on this once it is formally on a Board agenda and will reach a resolution prior to the meeting.

Thank you,
Jason Brandeis

Good Morning, Jason,

I am working the agenda for the upcoming board meeting in December; do you think this application can complete the 3-week reposting and get the signature and notary from the personal representative by the November deadline?

Best,
Regina Cruz

Hi Jason,

Yes, we have received the online payments and has been added to the queue with the date of 10.17.25. After quickly reviewing we need to reports the publishers affidavit and pending the signature of the Transferor on the MJ17. I will try to review the rest of the application shortly.

Best,
Regina Cruz

Subject: Re: Green Life Supply License Renewal Question

Regina:

Thank you for confirming. If I am tracking this correctly, the PPOP was the last item AMCO was waiting on (aside from the fees) before the applications could be reviewed for completeness. So, at this point, please send an electronic invoice to Dayton MacCallum at: ccc@ak.net

If you have any questions, or if any other information is needed, please let me know.

Thank you,
Jason

Cc: Sawyer, Jane Preston (CED) <jane.sawyer@alaska.gov>
Subject: Re: Green Life Supply License Renewal Question

Regina:

Thanks so much for sending that POPP. That was very helpful. The file includes several documents:

1. A statement from Nathan Davis (the deceased licensee) with a summary of the contents (page 40)
2. The original lease from CCM Investments to Nathan Davis (page 1)
3. Sublease agreement from Davis to Green Life Supply (p.22)
4. Deed of Trust documenting the sale of the property to Hard Work LLC (p.25)
5. Lease between Hard Work LLC and Green Life Supply (p.26)
6.

The lease between Hard Work and Green Life Supply is a 10-year lease, expiring in 2030. Even though Mr. Davis passed away, the lease is between corporate entities and is still in effect. Therefore, we are wondering if this existing lease can satisfy AMCO's requirements for the license transfer application? Or if you think the Board would want to see something else, perhaps the existing lease is sufficient for purposes of determining the application is complete,

and the Board can then ask for additional information or documentation if they are not satisfied?

Otherwise, if AMCO needs the lease to be in a specific format or if other documentation is required at this point, can you let me know what AMCO is looking for and I can try to get that to you?

Thanks,
Jason

Regina:

Attached is the current operating agreement for Green Life Supply (Lic. #10958, 11927). We are still trying to get a copy of the lease agreement, which should be the final piece needed for this license transfer applicaiton. In the meantime, is it possible for you to send me a copy of the current lease agreement/proof of possession that AMCO has on file for these licenses?

Thanks,
Jason

Regina:

My office just sent an email with copies of the license transfer applications and we will deliver hard copies and request for e-invoice tomorrow. The applications are missing the operating agreement and lease agreement. Those have been revised and we are just waiting to get one signature back, which we should have tomorrow or Monday at the latest. We will send those as soon as we have them.

Thanks,
Jason

Regina:

I am writing to follow up on the status of the Green Life Supply transfer application. This process was delayed, but we will be submitting a license transfer application to remove deceased member Nathan Davis from the license next week.

Can you also provide an update on the status of their 2025-2026 renewal application? Were those applications reviewed or were they sent the standard notices that the current licenses would be temporarily extended pending the Board's review of the renewal application?

Thanks, and have a nice weekend.

Jason

Subject: Re: Green Life Supply License Renewal Question

Jane:

Thank you for the update. We have not been able to reach an agreement with the personal representative of the deceased majority owner yet. However, I anticipate that we will be able to have a transfer application in process, but not completed and submitted to AMCO, prior to the April MCB meeting.

I know the Board has dealt with this issue in the past, but I am not sure if they have reviewed this particular license. It seems that, given the timing, it may make sense to present this to the Board at the April meeting—either we will have an application in process (i.e., submitted for public notice and newspaper publication), in which case there will not be much to discuss, or we will not have an application submitted, in which case guidance from the Board will be needed.

These situations are difficult, and we appreciate AMCO's patience. Please let me know if you have any other suggestions or if there is any additional information I can provide.

Thanks,
Jason

Hi, Jason,

Yes, we did request a transfer application from the majority owner's personal representative, and, yes, the deadline is 3/17/25. However, this whole matter is bigger than all of us together, so let me get back to you, please, but it won't be this week.

Thank you, Jason.

Regina:

I am representing Dayton MacCallum, one of the remaining owners of Green Life Supply LLC (#10958 and #11927), to address their license renewal issues following the death of one of the other members. Mr. MacCallum explained that AMCO has been very patient while waiting for the

deceased member's estate to cooperate in the license renewal and potential change of ownership process. Mr. MacCallum told me that AMCO has asked for an ownership change application to be submitted by March 17, 2025. Can you confirm if that is accurate?

I am new to this matter so I am trying to figure out the timing and what we can do to comply given the lack of communication from the estate.

Thank you,
Jason Brandeis
