

MEMORANDUM

TO: Bob Klein, Chair, and
Members of the Board

DATE: April 29, 2019

FROM: Erika McConnell, Director

RE: Regulations Project: Issuance of
License Late in Year

Statutory Authority: AS 04.06.100(a): “The board shall adopt regulations governing the manufacture, barter, sale, consumption, and possession of alcoholic beverages in the state that are consistent with this title and necessary to carry out the purpose of this title in a manner that will protect the public health, safety, and welfare.”

Status: Initial draft for board consideration

Background: When a new license is first issued late in the year, a licensee may not be able to meet the minimum operating requirements of AS 04.11.330(a)(3) which is 240 hours each calendar year. The licensee is then required to file for a waiver of minimum operating requirements, but often is unable to get the waiver application submitted in time to avoid a \$1,000 late fee per 3 AAC 304.170(h).

This proposed change to the regulations would exempt licensees who receive their new license between November 20 and December 31 from being required to file for a waiver of minimum operating requirements for that year.

Board options:

- Put out for public comment.
- Amend and put out for public comment.
- No action.

3 AAC 304.170 is amended by adding a new subsection to read:

(l) If a new license is issued between November 20 and December 31, the licensee is exempt from filing a waiver of annual operating requirement for that year. Authority: AS 04.06.090 AS 04.06.100 AS 04.11.330
