

MEMORANDUM

TO: Alcoholic Beverage Control Board DATE: May 26, 2020
FROM: Jane P. Sawyer, Regulations Specialist RE: Regulations Project –
Repackaging by Package Store

The board opened this regulations project at the January 2020 meeting, in response to licensee request made during public testimony, to expand the type of alcoholic beverages that a Package Store may repackage from kegs.

The change under 3 AAC 304.365 would allow a Package Store to repackage not only beer but also wine or distilled spirits from kegs or barrels into other containers for sale on the licensed premises to be consumed off the licensed premises. Another change made to this regulation was language rewording so the regulation is better understood.

The initial draft is attached.

Options for the board:

- Put out for public comment
- Amend and put out for public comment
- Send back to staff for revisions
- Close the project without action

Register _____, _____ 20__

(Words in **boldface and underlined** indicate language being added; words [CAPITALIZED AND BRACKETED] indicate language being deleted.)

3 AAC 304.365 is amended to read:

The holder of a package store license issued under AS 04.11.150 may on the licensed premises repackage beer, **wine, or distilled spirits** from kegs **or barrels** into other containers for sale on the licensed premises and consumption off the licensed premises, **if the size of the other containers is not prohibited** [IF THE OTHER CONTAINERS ARE OF A SIZE

PERMITTED] under AS 04.16.100. (Eff. 7/25/2012, Register 203; am _____, _____, _____,

Register _____)

Authority: AS 04.06.090 AS 04.06.100 AS 04.11.150

Commented [SJP(1): I reworded this because the list under 04.16.100 is of prohibited containers rather than permitted containers.
