(b) The board will apply the same annual visitor count to every application filed under AS 04.11.260 for a seasonal restaurant or eating place tourism license in a specific qualifying municipality or established village during each calendar year. The board may reconsider that visitor count and how it calculates that visitor count each calendar year."

3 AAC 304.908 Determining available seasonal restaurant or eating place licenses. "(a) For purposes of implementing sec. 170, ch. 8, SLA 2022, the board may not issue a seasonal restaurant or eating place tourism licenses in municipalities or established villages that qualify for this license type if there would be more than one seasonal restaurant or eating place tourism license per 1500 visitors per visitor day. (b) Visitor count or fraction of visitor per visitor day is calculated by dividing the total annual visitor count as determined under 3 AAC 304.907 by 182. (c) The Board may further limit the available seasonal restaurant and eating place tourism licenses upon application if the number of restaurant and eating place licenses issued under AS 04.11.100 exceed the restaurant and eating place licenses permissible under AS 04.11.400(a)."
