On 1-3-23, an inspection was conducted at your establishment. Bartender Meghan R. Taylor was asked to provide proof of current alcohol server training. (3AAC 304.525)

This form, all information provided and responses are public documents per Alaska Public Records ACT AS 40.25

Date: 5/19/23

Licensee: Marina, Inc.

DBA: Fili's Pizza

License #/Type: 5445 Restaurant/Eating Place

Address: 110 Osage Street, Bethel, AK

AMCO Case #: AM230136

This is a notice to you as licensee that an alleged violation has occurred. If the Alcoholic Beverage Control Board decides to act against your license, under the provisions of AS 44.62.330 - AS 44.62.630 (Administrative Procedures Act) you will receive an Accusation and Notice of your right to an Administrative Hearing.

Note: This is not an accusation or a criminal complaint.

On 01/24/2023, AMCO Enforcement received a report that Fili's Pizza, restaurant/eating place license #5445, in Bethel, Alaska, was selling more alcohol than food and stated they were concerned "the restaurant has turned into more of a bar than a restaurant." Additional concerns have been received from the Bethel Police Department that the premises may be over-serving customers. A restaurant/eating place license is required to have 50% or more of their sales in food.

On 02/10/2023 at approximately 1845 hrs. I was parked in the parking lot of Fili's Pizza in an unmarked vehicle wearing plainclothes when I saw a male walk out of the premises and attempt to stand in the arctic entryway of Fili's Pizza. The man displayed signs of being obviously drunken, staggering, stumbling and had difficulty maintaining his balance. The man attempted to get into a cab but was refused a ride from the cab. Concerned for the man's safety I called Bethel PD and watched the man while I waited for uniformed officers to respond. The man staggered down Osage Street falling down three times. Bethel PD was not able to respond due to being tied up on another call. I ensured the man was not hit by a car and made sure he safely made it home.

After I ensured the drunken person made it to a safe location I returned to Fili's Pizza, went inside and ordered food and a soda, while I saw at a table to observe activity. The dining area was fairly busy and I noticed most of the customers were drinking beer or wine with fewer tables having food than alcohol.

On 03/24/2023, I was in Bethel on military orders for the Alaska State Defense Force (ASDF) along with over twenty other ASDF soldiers from across the state for training and community engagement at the Cama-i Festival. While staffing an information table at Cama-i Festival, Lt. Wigner from Bethel PD contacted me and asked if I could go on-duty for AMCO to respond to Fili's Pizza for possible over-service. I told him I would be unable to since I was on military duty but to please send me any reports of activity.

On the morning of 03/25/2023, Major (Alaska) Ryan Sharratt and Chief Warrant Officer 5 (Alaska) Hamilton Long told me they were having dinner at Fili's Pizza and were harassed by an obviously drunken person. MAJ (AK) Sharratt said they were in military uniforms sitting at a table eating dinner when a drunken male confronted them and told them they "weren't wanted here." MAJ (AK) Sharratt said the man asked the "bartender" for a beer at a table but the bartender told the man he needed to get the beer at the counter. MAJ (AK) Sharratt said the drunken man went to the counter where the "bartender" sold the man two bottles of beer. Both MAJ (AK) Sharratt and CW5 (AK) Long thought the location was more of a bar than restaurant based on the amount of customers drinking alcohol and not eating food. Both MAJ (AK) Sharratt and CW5 (AK) Long described the man who confronted them as a "drunk" based on his observed behavior including speech, balance, red, watery eyes.

Your attention is drawn to:

AS 04.16.030. Prohibited conduct relating to drunken persons.

(a) A licensee, an agent, or employee may not with criminal negligence

(1) sell, give, or barter alcoholic beverages to a drunken person;

(2) allow another person to sell, give, or barter an alcoholic beverage to a drunken

person within licensed premises;

(3) allow a drunken person to enter and remain within licensed premises or to consume

an alcoholic beverage within licensed premises;

(4) permit a drunken person to sell or serve alcoholic beverages.

Dear Honorable ABC Board Members & Enforcement:

This letter is in response to AMCO Case#: AM-230136, received by our restaurant, Fili's Pizza, license #5445, located in Bethel, Alaska. We received the above-referenced Notice of Violation ("NOV") on May 19, 2023; several incidents were reported and referenced that need to be addressed. We also want to thank Enforcement for bringing these issues to our attention, and we are working hard to ensure any situation described in the NOV never occurs again on our licensed premises. We recognize that our ability to serve beer and wine at our restaurant is a privilege, and we will work diligently to ensure compliance.

The first date listed on the notice is January 24, 2023, which references a report that the restaurant had turned into a bar but did not state how or why they felt that way, other than "concerns" from Bethel PD of "over-service." If there have been reports of this happening, and our customers were over-served to the point that the police department was repeatedly involved, we were unaware of this issue until the above-referenced NOV was provided to us. We are actively taking steps, as outlined below, to address these concerns.

The second date and incident referenced is on February 10, 2023, where a plainclothes officer saw an alleged inebriated person leave the restaurant and personally intervened to get them home safely. We greatly appreciate the officer intervening and ensuring a community member got home safely; however, we do want to point out that it is very likely that person attempted to enter our restaurant and was turned away by our wait staff and not served if the person was already intoxicated. Our staff is fully trained in the signs of inebriation; the staff would have asked him to leave immediately if he were staggering, stumbling, and having difficulty maintaining his balance, as the officer mentions in his report. There is no reference by the officer regarding him seeing this individual drink or purchasing any alcohol of any kind in our establishment. He only saw the individual in the arctic entryway, leaving alone. We have a pretty long list of individuals that have been "86'ed" from our restaurant, and we turn those people away as soon as they enter the establishment. This person could have been already drunk when they entered the premises and turned away for service because of that fact, or the person could have been on our 86 list and was asked to leave the premises.

Another unfortunate possibility is the pre-drink patron. Unfortunately, in Bethel, we wrestle with a well-known community issue of “pre-drink,” which is when folks drink hard alcohol before entering a restaurant and then come into the restaurant. At first, they appear sober and safe for beer and wine service. But then, slowly, it’ll become apparent that they have been drinking right before coming into the restaurant and quickly start showing signs of inhibition. We have trained our staff on this pre-drink issue, but we have more work and training to do to combat this issue. When a person starts showing signs of intoxication after one beer, that is a clear sign of the pre-drink, and we stop service and may ask them to leave the premises. Most of the time, provided they are respectful and not disturbing other customers, we encourage them to eat their food order before leaving.

In regards to the February 10, 2023 incident and the office mentioned that “[m]ost of the customers were drinking beer or wine with fewer tables having food than alcohol.” It is not typical practice to serve alcohol without food, even though we do allow it, but this NOV gave us something to ponder. We believe if we offered a more robust menu, with options that go far beyond the typical pizzeria, then there would be more options for all patrons for food choices. Upon this reflection, and to combat the “bar-like” concerns, we are launching a newly revised menu. This menu will include our traditionally offered items, pizza, salads, etc. – but will also offer more gourmet items, such as steak, chicken, shrimp skewers, crab, varying pasta dishes, seared tuna, and poke bowls. We think there is a need in the Bethel community for us to provide to the community a more diverse menu to appeal to a wider demographic than your typical pizza and beer consumer. This NOV has inspired us to expand our business model – we will launch this newly revised menu within 3-4 weeks of this response. We are excited about the new options, and our team is working hard on the presentation and preparations needed to launch these new dishes.

The third date and incident referenced is on March 25, 2023, in which Major Sharratt and Chief Warrant Officer Long reported to Investigator Chiesa that they felt harassed by a person whom they felt was drunk in the restaurant. They also reported that the individual purchased two beers from the counter service in the restaurant and made a general observation that they felt more customers were purchasing more beer than food. As an initial comment, we want to make sure it is clear that we honor and respect our military, so for one of our customers to make disparaging comments to uniformed military officers causes us much distress. Having our staff serve additional alcohol to such an individual adds insult to injury. Since March 25, we have hired a new manager – we relocated him from Anchorage, and he has

25 years of restaurant management experience. We have had and will continue to have additional training with our

staff regarding the signs of impairment and to watch carefully for folks that look sober when entering but, over time, tend to show symptoms of the *pre-drink* phenomena.

Notwithstanding the foregoing, we do want to mention the dates of this incident as well, the night of March 24 was the opening ceremony for the Cama-I Dance Festival (in which 2023 was the first year back since COVID), and there were many individuals from all over Alaska in Bethel that weekend for the festival and activities. It does not excuse anyone being inebriated or disrespectful towards our military in our restaurant; as owners of Fili's, we support the military in every way and are grateful for their service, unfortunately, but this is another instance of an influx of individuals that would not usually be in Bethel, and with the alcohol laws being the way they are, people cannot legally purchase alcohol anywhere other than restaurants, so when they come to a damp community from a dry community and want to legally drink they are required to come to a restaurant to be served.

Unfortunately, this is an issue; however, as responsible business owners, we are taking the following steps to change the misconception that our restaurant is being used as a bar and to prevent anyone from thinking that we have ever over-served any individual or that we are non-compliant with the ABC Board, regulations, or statutes.

1. We have replaced two restaurant managers, and in such a small town (and as an industry wide issue), the staff turnover, in general, has not been good in the last six months; so, to right the ship, we have hired a new restaurant manager with 25 years of experience from the Lower 48 and have relocated him from Anchorage to Bethel.
2. We will be conducting training for all of our staff to ensure they are educated in the laws regarding the consumption and service of alcohol and remain compliant with their TAPS certification requirements.
3. Effective immediately, we will close business every day at 11:00 pm instead of midnight.
4. We are introducing a new menu that will be more restaurant heavy. Along with pizza, potato skins, appetizers, and burgers, we will introduce pasta, seafood, crab, seared tuna, chicken, steak, seafood skewers, and a poke bowl.
5. We will be reinforcing the 86 list and expanding it as needed.
6. We are in the process of redeveloping our website to reflect the new elegant restaurant vibe we are working towards and reflect the new hours of operation.
7. Beer and wine will only be served to individuals sitting at the counter for service or at a table, and we will not serve individuals who walk up to the counter requesting alcohol.

Marina, Inc.

Anchorage, Alaska 99503

P: 907-751-6800, E: info@innatwhittier.com

8. Individuals will not be able to obtain alcohol directly from the counter staff.

As business owners, we are pledging to ensure that there is never another misconception that Fili's Pizza has ever overserved or that the restaurant is out of compliance with ABC and AMCO's Enforcement. Please understand that it was not our intention to make anyone believe that we have/are over-serving patrons.

Feel free to contact us with any questions or concerns. Our counsel Jana Weltzin will be available at the August ABC meeting, and we will be available on Zoom to address any additional concerns or questions the ABC members may have.

We very much appreciate your time and commitment to our industry and our communities.

On 5-10-23 an inspection was conducted at your establishment. The clerk selling alcohol was asked for his server education card. He provided me with a Temp ID and said he has not had server education. He was identified as Justin Melvin Collins, a two month employee. Mr. Collins called out for his co-worker to take over the package store. After ringing a few customers up, she was asked for her alcohol server education card. She was identified as Donna Irene Slaughter. She stated she did not have server education either. She has been employed for five years. Both were told to stop selling alcoholic beverages until they could provide proof of server education to the ABC Board. The same violation happened on 7-1-20, AMC Case 20-0646. AMCO Case #: 23-0793

This is a notice to you as licensee that an alleged violation has occurred. If the Alcoholic Beverage Control Board decides to act against your license, under the provisions of AS 44.62.330 - AS 44.62.630 (Administrative Procedures Act) you will receive an Accusation and Notice of your right to an Administrative Hearing.

On 5-10-23 an inspection was conducted at your establishment. The clerk selling alcohol was asked for his server education card. He provided me with a Temp ID and said he has not had server education. He was identified as Justin Melvin Collins, a two month employee. Mr. Collins called out for his co-worker to take over the package store. After ringing a few customers up, she was asked for her alcohol server education card. She was identified as Donna Irene Slaughter. She stated she did not have server education either. She has been employed for five years. Both were told to stop selling alcoholic beverages until they could provide proof of server education to the ABC Board. The same violation happened on 7-1-20, AMC Case 20-0646. A copy and response is attached with this notice of violation.

RE: AMCO Case #23-0793

Mr. Hamilton:

I am in receipt of the Notice of Violation dated 5/17/2023. Please accept this as Big John's response.

Both persons named in the NoV have received their TAP certification (see attached copy of cards).

While Ms. Slaughter could be considered "*....employed for five years.*" she has not been actively employed for that length of time. Rather, she had left the employment of Big John's and this employment began only nine months ago. However, the comment "*She stated she did not have server education either.*" is puzzling. There is a (recently expired) copy of her TAP card provided at time of hire (Certificate #179063; attached).

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'DB', followed by a long horizontal flourish.

Regarding the Notice of Violation, Stanislav Calenici's latest hire date is May 11th, 2023.

AMCO
JUN 15 2023

He has already completed his education as were requested. (see attached file)

To prevent the reoccurrence of a violation, several actions have been taken.

1. Periodic retraining and updates: Conducted regular refresher training sessions to reinforce responsible alcohol service practices and ensure staff members are aware of any regulation updates or changes.
2. Provided comprehensive training to all staff involved in the alcohol serving process, including bartenders, servers, and managers. The training covered responsible alcohol service, recognizing fake IDs, identifying signs of intoxication, and understanding local laws and regulations related to alcohol service.
3. Implemented rigorous procedures for verifying documents and alcohol serving certificates (TAP).
4. Established clear and enforceable policies that promote responsible alcohol service.
5. Monitoring and supervision of the Paperwork process for all staff members.
6. Compliance with regulations: Checked up to date with local, state, and federal regulations regarding alcohol service. Ensure that all licenses and permits are obtained and displayed appropriately. Conduct regular audits to verify compliance with applicable laws.
7. Incident reporting and documentation: Established a process for reporting and documenting incidents related to alcohol service, including instances where policies were violated or concerns were raised. This helps identify areas for improvement and enables appropriate action to be taken.
8. Continuous staff communication and feedback: Encourage open communication among staff members to address concerns, share best practices, and learn from each other's experiences. Create channels for staff to provide feedback on the alcohol serving process and suggest improvements.
9. Collaboration with local authorities: Maintained a positive and cooperative relationship with local law enforcement agencies and regulatory bodies. Seeking guidance and assistance when needed and cooperating fully in any investigations related to alcohol service violations.

By implementing these actions, the establishment will significantly reduce the likelihood of alcohol serving violations and create a safer and more responsible environment for community.

Thank you.

To prevent the re-occurrence of violating AS 04.16.049 Seward Brewing Company (SBC) have implemented the following:

1. The management team has been trained to fill out the Dept of Labor(DOL) work permit form at the time of hiring a minor ages 16 or 17. The form is to be sent home with the minor for the parent to sign. The minor will not be put on the schedule or begin training until the DOL approved permit is on file on-premise.

2. The following has been added to our Manager Manual:

"MINORS EMPLOYED AT SBC

All 16 and 17-year-old employees must have Dept of Labor approved work permit on file prior to being scheduled at SBC. The work permit form must be filled out by SBC management and given to the minor to have their parent sign. Once returned, submit it to the bookkeeper asap. The bookkeeper will submit it to the DOL for approval. Once the approved form has been returned to SBC, then, and only then, can the minor begin training and put on the schedule. They are required to take a 30-minute break if they have worked 5 consecutive hours or are scheduled to more 6 hours or more. SBC Management must make sure they clock out before the break and clock back in after half an hour."

3. We have updated our Employee Manual with the following.

"MINORS EMPLOYED AT SBC

Minors aged 16 and 17 must have a work permit approved by the Department of Labor before being scheduled. The bottom portion of the form must be filled out and signed by the minor's parent and returned to SBC. Once SBC receives the approved work permit back from the Department of Labor, the minor can begin training and working.

16 and 17-year-old minors must clock out for a 30-minute break if they have worked 5 consecutive hours or are scheduled 6 or more hours. They must notify their manager before they clock out and after they clock back in."

4. We have confirmed that the two 16 year old employees on staff are aware and of the 30 minute break requirement and are vigilant about adhering to it.

If there is anything further SBC can do to assure AMCO that the violations will not occur again, we would gladly implement them.

Most sincerely,

Hillary Bean

AMCO Case #: AM 23-1270

AMCO received Soldotna Police Department Case report #SO23000782 on 7/5/23. The report reads that on 4/24/23 the bartender, Krissy Barker, served alcohol beverages to Ross Spooner and Candace Walker who she "could tell they had been drinking from somewhere else." A Fight ensued between Ross Spooner and another patron, Randy Bleazard, who used to date Candace Walker but was now with Spooner. Soldotna PD arrested Spooner for assault in the fourth degree and access of a drunken person to a licensed premises. Spooner blew a .375 BrAC on a preliminary breath test unit.

Candace Walker was arrested for DUI by AST Trooper Flowers on Riverside Drive. Walker told officers "she had consumed two drinks tonight, one at Senior Poncho's and one at the Bridge Lounge." Officer Clary with SPD reported that the bartender, Kristina Barker, told him that she served Walker two drinks while she was at the Bridge Lounge. Trooper Flowers conveyed to me that Walker Blew a .208 BrAc.

This is a violation of: Sec. 04.16.030. Prohibited conduct relating to drunken persons.

(a) A licensee, an agent, or employee may not with criminal negligence

(1) sell, give, or barter alcoholic beverages to a drunken person;

Subject: RE: AMCO Case #AM23-1270

Dear Investigator Rukes:

Following the message below, Bridge Lounge (License #5338) submits this additional response to the NOV issued in AMCO Case # AM-23-1270.

As stated below, Bridge Lounge does not yet have access to the police report or other materials referenced in the NOV. Therefore, its ability to fully review this incident is limited, and Bridge Lounge looks forward to receipt of the items requested below so that it can have an opportunity to review all of the information provided to AMCO.

In the interim, based on the information currently available and discussions with the bartender who was involved (Ms. Barker), there is not sufficient evidence to find that Ms. Barker acted with “criminal negligence” in violation of AS 04.16.030. Indeed, Ms. Barker was in the process of removing Mr. Spooner and Ms. Walker from the premises when Mr. Spooner reacted aggressively, the situation escalated, and the police were called.

Regarding actions the licensee has taken to prevent a re-occurrence, the licensee discussed the incident with Ms. Barker and the other employees and (1) reminded all of the employees of their training (both internal and external through the TAP card process) on responsible beverage service; (2) required all employees to review the bar’s policies on how to handle intoxicated patrons, including: how to watch for signs of intoxication, how to intervene with a potentially intoxicated patron, and how to cut off service; and (3) reminded employees that a hard copy of the bar’s policies on how to handle intoxicated patrons is kept in a folder behind the bar for easy access should they ever need to consult it.

The licensee responded appropriately to the situation and has taken steps to mitigate the possibility of re-occurrence. No further action should be taken on this NOV. We also note that the NOV is dated 7/10/23, but was not received until 7/20/23. Accordingly, the licensee’s initial response to the NOV was within AMCO’s requested 10-day window. Please let us know if you require any additional information, or if AMCO requests the licensee’s appearance at the next Alcoholic beverage Control Board meeting.

Thank you,
Jason Brandeis

Dear Investigator Rukes:

I am writing on behalf of River Edge, Inc. dba Bridge Lounge regarding AMCO Case # AM-23-1270.

The NOV explains that AMCO investigators did not personally investigate, but rather relied on records from the Soldotna Police Department and Alaska State Troopers, including Soldotna Police Department Case Report #SO23000782. In order to fully review this incident and to identify appropriate actions to prevent re-occurrence, Bridge Lounge requests copies of any records relied upon by AMCO in issuing this NOV.

In response to your letter addressing case#23-1340, we would like to sincerely apologize for any laws we may have broken. We have contacted the gaming commission and alcohol board many, many times to verify if our proposed activities are illegal before we put them in place. We've talked to the gaming commission since receiving your letter to justify if your accusations of illegal gambling were justified. While they don't enforce or have authority to enforce these activities because this falls outside the parameters that would require a gaming permit. To the best of their knowledge, games of skill are accepted in a tournament style environment with payouts. While the Texas hold 'em could be considered a game of chance, we will immediately cease all activities where this is concerned.

We were under the impression that the only restrictions our liquor license dictated was the sale of alcohol. Thank you for bringing to our attention that "Soliciting of public patronage of club premises" is also restricted. We will stop any soliciting of public patronage immediately. Thank you again for bringing this to our attention. We did see where the board could approve some activities that involve the public and we would be interested in pursuing some public activities if the board allowed it. We would hate to turn the public away to some of the charitable activities and services we hold at our Post. We are heavily involved in our community. Some of the functions we do are as follows: We hold funerals, weddings, fundraisers for people in need. We donate around 100 holiday baskets around Thanksgiving and Christmas. On Easter we have an easter egg hunt for several hundred kids. On Thanksgiving we give a free dinner to roughly a hundred community members. We provide a community BBQ for hundreds of community members on Memorial Day & Independence Day. We do several ceremonies for community & youth to educate and keep our National traditions alive. We are extremely involved in the local schools and put on educational activities and classes for them. We also support and hold events for our local first responders and law enforcement.

We are hopeful that we can work with the board to get approval to continue some of these activities as it would be detrimental to our youth and community if we could no longer provide these services.

We look forward to working together so we can get in compliance.

Hello Mr. Hamilton

In response to the notice of violation for Safeway store 1090 located at 2685 Mill Ray Road, Kodiak, AK 99615.

Employee Gladys M. Pascua is our Oaken Keg manager at this Oaken Keg store. She did not have her proof of training on her at the time of your visit, but she left the store and went home to get her proof of training. Store management has made a copy of her training and all other employees working in the Oaken Keg to retain in the Oaken Keg, as well as requested that all Oaken Keg employees have their cards on them when working.

Employee Mike Murray (Store Director) who was unable to provide proof of training will be enrolled and take the state required liquor training upon his return from vacation. Safeway will provide proof of Mike Murray's completion and passing of the state required liquor training to the state of Alaska.

At CARR'S/Safeway we pride ourselves on making sure that we are following all laws when it comes to the purchase of alcohol as well as tobacco. We offer TIPS training once a month at our district office location (5600 Debarr RD, Anchorage, AK 99504). We have a schedule set, and we send out a copy of this schedule monthly so that our stores can schedule employees for the training when needed. We also send them a list of upcoming expirations or new clerks, so they know who needs to attend the training. In our remote stores we set up training and one of our many trainers then travels to the store to do the necessary training.

As a precaution going forward our stores will be keeping a copy of all proof of training cards in our manager's offices as well as a copy in our liquor stores.

Thank you for your time. If there is anything else needed from us, please let me know.

Thank You
Kathy Zahnow
