TO: Chair and Members of the Board DATE: July 29, 2021
FROM: Jane P. Sawyer, Regulations RE: Cold Creek Extracts license
Specialist 15594

Cold Creek Extracts, a marijuana product manufacturing facility, is requesting approval of amendment(s) to its Vape Pen product. Attached is MJ-15 Operating Plan Change application, the changes are as stated on section 2. Temporary approval has been granted.

Alaska Marijuana Control Board
Form MJ-15: Operating Plan Change

What is this form?

This operating plan change form is required for all marijuana establishment licensees seeking to change a licensed marijuana establishment's existing operating plan, as required by 3 AAC 306.100. With this form, a licensee may request changes to as much or as little as desired of Form MJ-01 and/or the corresponding operating plan supplemental for the establishment's license type. **The required \$250 change fee may be made by check, cashier's check, or money order.**

Please complete and submit with this form the pages of Form MJ-01 and/or the corresponding operating plan supplemental that contain sections that you are requesting to change. **All fields must be completed of any page for which you are requesting changes** – upon board approval, the submitted pages will replace those currently on file. If your current, approved operating plan is on the original version of the forms, you may be required to complete and submit the new operating plan forms in their entirety.

The form(s) that I am requesting board approval to change is:

- Form MJ-01: Marijuana Establishment Operating Plan
- Form MJ-03: Retail Marijuana Store Operating Plan Supplemental
- Form MJ-04: Marijuana Cultivation Facility Operating Plan Supplemental
- Form MJ-05: Marijuana Product Manufacturing Facility Operating Plan Supplemental
- Form MJ-06: Marijuana Testing Facility Operating Plan Supplemental

This form must be completed and submitted to AMCO's main office prior to changing existing operations. The licensed establishment's operations may not be altered unless and until the director has given temporary approval or the Marijuana Control Board (MCB) has given final approval of the changes. Please note that licensees seeking to change operating plans for multiple licenses must submit a separate completed copy of this form for each license.

Form MJ-15: Operating Plan Change

Section 2 – Summary of Changes

Provide a summary of the changes for which you are requesting approval.

This change is to a previously approved marijuana concentrate with the product name "Vape Pen." The product is a cartridge filled with marijuana concentrate that attaches to a battery unit with a heating element (which may be included or sold separately). The changes included in this application include changes to packaging and hardware only; there are no changes to the marijuana concentrate itself.

Specific changes include: (1) additional packaging options for the cartridge itself (made of pasteboard instead of plastic) and (2) an alternative option for the battery/heating unit.

NOTE: this product was approved with licensee's original MJ-05 Operating Plan form in 2017. Accordingly, an MJ-15 form is being submitted to request changes. However, since there have been significant changes to the forms since the time the product was submitted/approved, an MJ-16 Proposed New Product form is included for administrative convenience, in lieu of a revised MJ-05.

Section 3 – Declarations

Read each statement below, and then sign your initials in the corresponding box to the right:
