

2017 ANNUAL REPORT

ALASKA DIVISION OF **INSURANCE**

FROM THE DIRECTOR

The Honorable Bill Walker, Governor of the State of Alaska
Mike Navarre, Commissioner of the Department of Commerce, Community, and Economic Development
Members of the Alaska State Legislature

In accordance with AS 21.06.110, it gives me great pride to present the 79th annual report of the Division of Insurance. This report covers activity from calendar year 2016 and fiscal year 2017, which ended on June 30, 2017.

The division continues to uphold its mission to regulate the insurance industry to protect Alaskans. The division's experienced and knowledgeable staff enforces the consumer protections provided under Title 21. The staff is also committed to nurturing a strong and competitive market to provide a full spectrum of insurance products in individual and commercial markets.

During 2016, the consumer services and investigation sections recovered \$450,014 for Alaskan consumers. Insurance specialists in the property and casualty and life and health sections reviewed over 3,600 filings, of which 2,700 were approved.

The division remains actively engaged with Alaska's federal delegation as healthcare policy changes unfold at the national level. Alaska received national attention and accolades for the division's work with the Centers for Medicare and Medicaid Services (CMS) on a 1332 state innovation waiver to help fund the Alaska Reinsurance Program and stabilize premium costs for Alaskans in the individual market over the next five years.

Legislation passed in 2016 to adopt consumer healthcare protections at least as stringent as the following National Association of Insurance Commissioners (NAIC) model laws: the Utilization Review and Benefit Determination Model Act, the Health Carrier Grievance Procedure Model Act, and the Uniform Health Carrier External Review Model Act. Late in 2016, the division was awarded a two-year CMS grant for \$629,000 for implementation and outreach efforts. During the first year, grant funds were primarily used to develop draft regulations establishing Alaska-based consumer protection standards for utilization review and internal grievances (appeals) and external reviews of certain health care benefit determinations.

Participation in the NAIC allows the division to influence model laws and stay apprised of future insurance trends. Alaska holds seats on various committees, task forces, and work groups at the NAIC including Health Actuarial, Casualty Actuarial and Statistical, Workers' Compensation, Cybersecurity, Producer Licensing, Information Systems, and Senior Issues. I continue to represent Alaska as a member of the Executive Committee, as well as serving on the Life and Health Insurance Committee and Market Regulation and Consumer Affairs Committee and as vice chair of the American Indian and Alaska Native Liaison Committee.

The Division of Insurance is proud of the positive impact we have had on stabilizing the individual healthcare market in the state, our consumer protection efforts, and our work to strengthen the competitive insurance market. Though we continue to face many challenges due to our small population and relative geographic isolation, we are committed to fostering economic growth and improved access to affordable healthcare through a robust insurance market in the state.

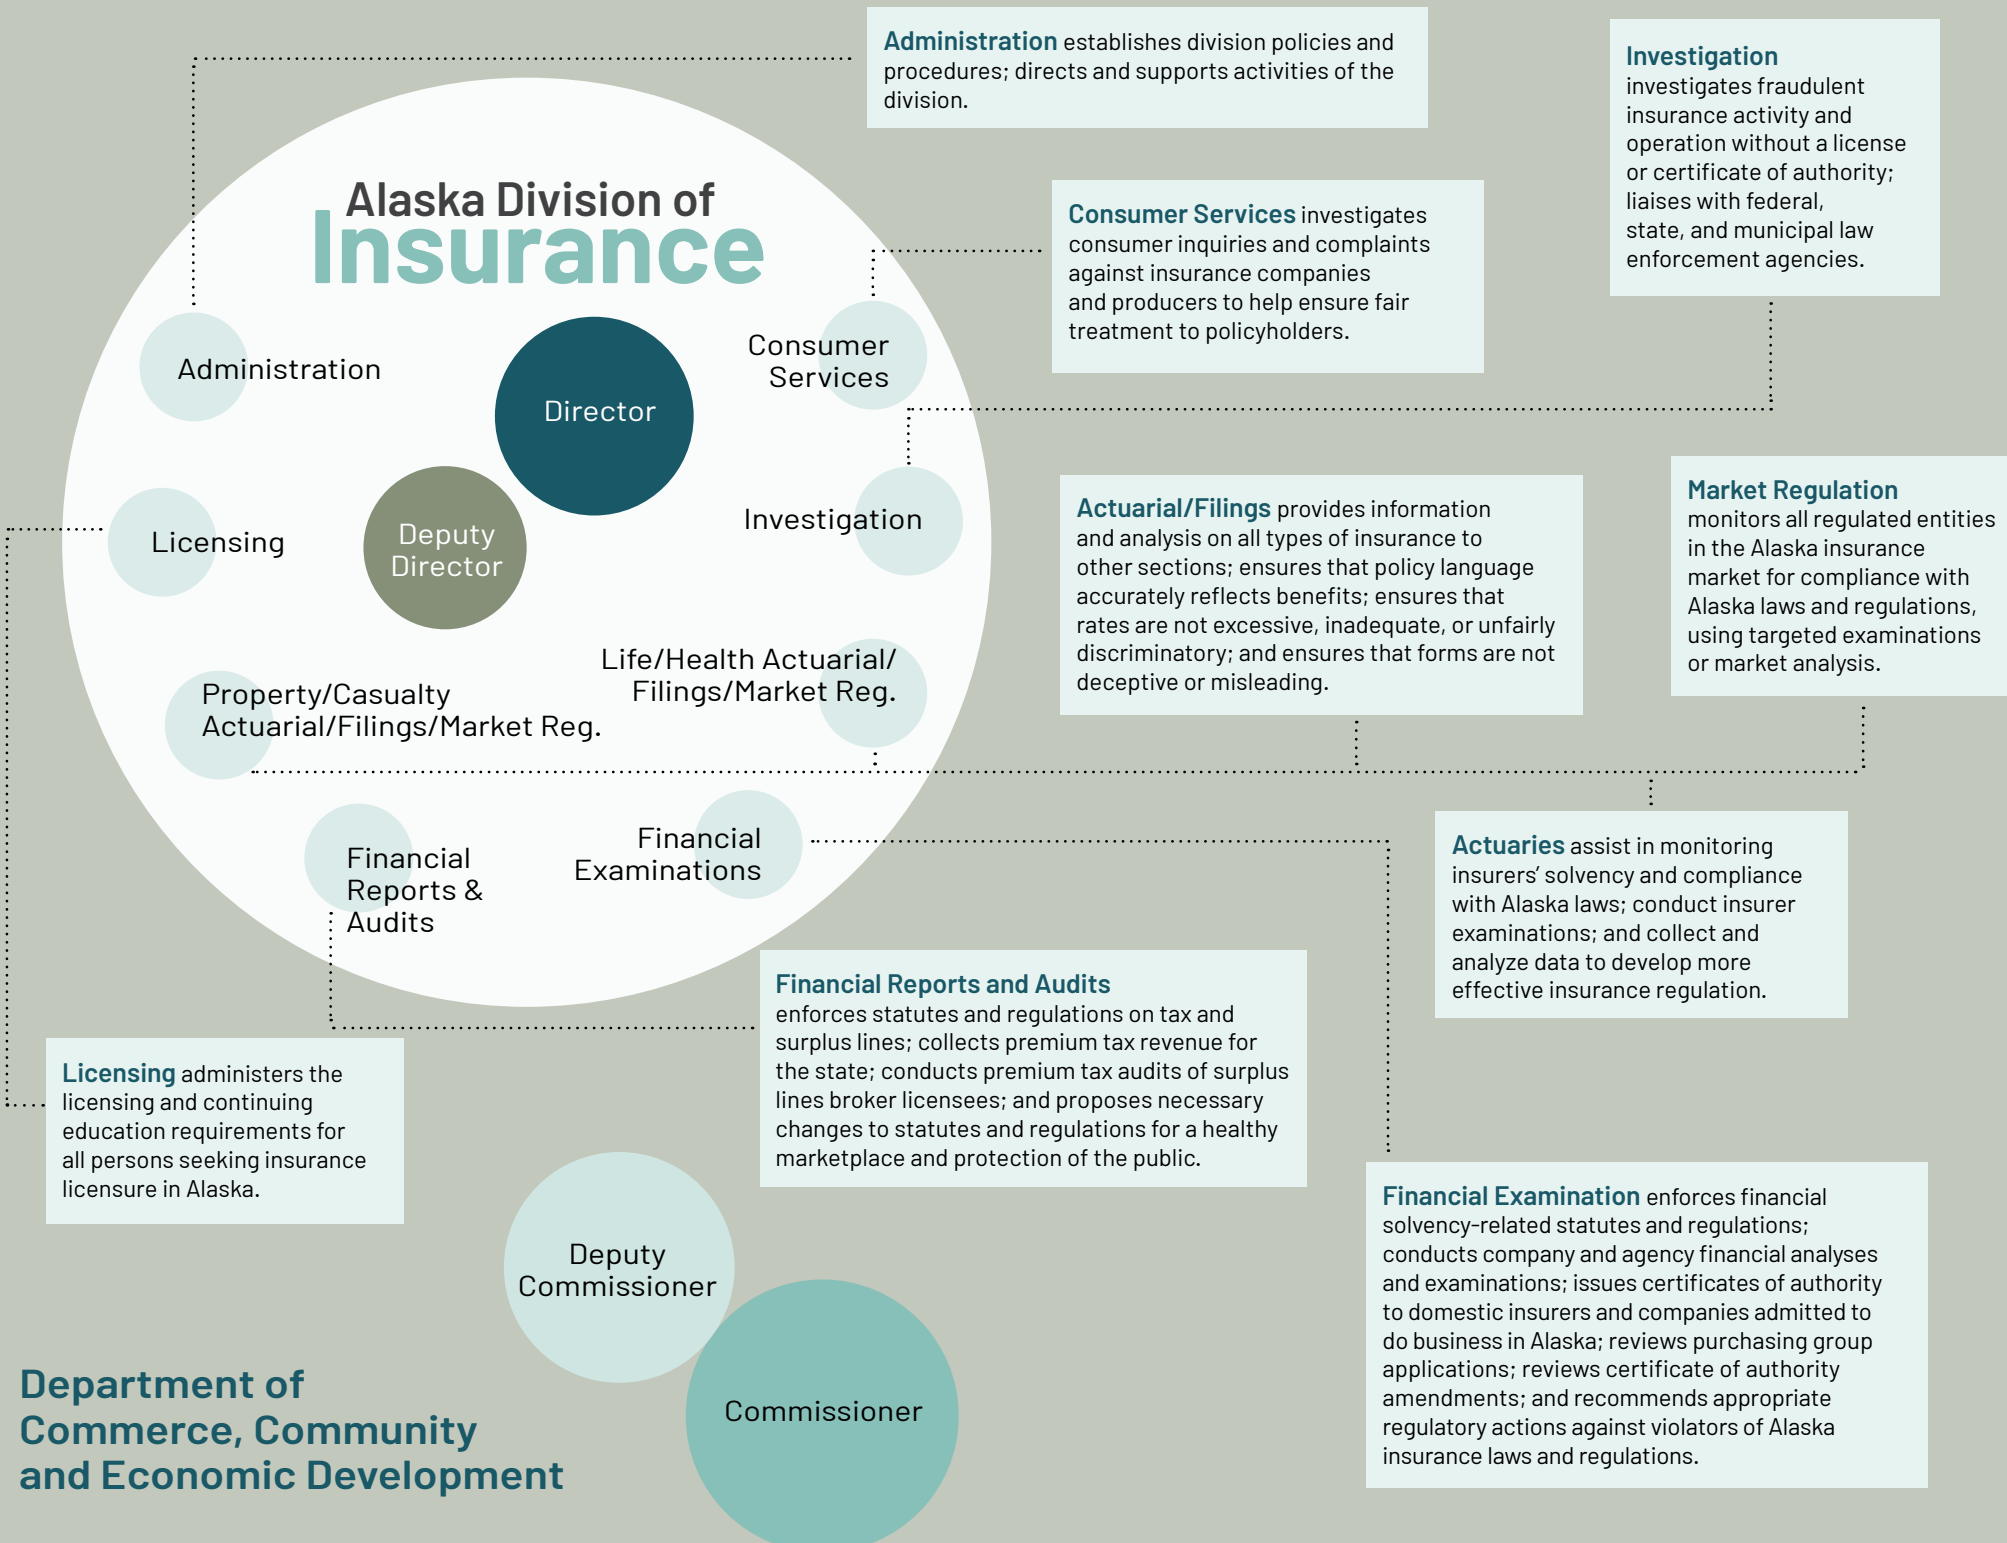

We thank the department, the administration, and the Legislature for their continued support. We pledge to continue our efforts to make the Alaska insurance market function effectively and to never forget those we serve or our reason for existing: to protect the consumers of Alaska.

Respectfully submitted,

Lori Wing-Heier
Director

Alaska Division of Insurance

Administration establishes division policies and procedures; directs and supports activities of the division.

Investigation investigates fraudulent insurance activity and operation without a license or certificate of authority; liaises with federal, state, and municipal law enforcement agencies.

Consumer Services investigates consumer inquiries and complaints against insurance companies and producers to help ensure fair treatment to policyholders.

Actuarial/Filings provides information and analysis on all types of insurance to other sections; ensures that policy language accurately reflects benefits; ensures that rates are not excessive, inadequate, or unfairly discriminatory; and ensures that forms are not deceptive or misleading.

Market Regulation monitors all regulated entities in the Alaska insurance market for compliance with Alaska laws and regulations, using targeted examinations or market analysis.

Actuaries assist in monitoring insurers' solvency and compliance with Alaska laws; conduct insurer examinations; and collect and analyze data to develop more effective insurance regulation.

Financial Reports and Audits enforces statutes and regulations on tax and surplus lines; collects premium tax revenue for the state; conducts premium tax audits of surplus lines broker licensees; and proposes necessary changes to statutes and regulations for a healthy marketplace and protection of the public.

Financial Examination enforces financial solvency-related statutes and regulations; conducts company and agency financial analyses and examinations; issues certificates of authority to domestic insurers and companies admitted to do business in Alaska; reviews purchasing group applications; reviews certificate of authority amendments; and recommends appropriate regulatory actions against violators of Alaska insurance laws and regulations.

Licensing administers the licensing and continuing education requirements for all persons seeking insurance licensure in Alaska.

ADVISORY ORGANIZATIONS

Advisory organizations, licensed by the division under AS 21.39.100, are organizations of insurers that assist insurers and rating organizations in rate making by collecting and furnishing loss and loss expense statistics or by submitting recommended rates or loss costs to the division. Advisory organizations include entities referred to elsewhere as statistical agents. Advisory organizations do not make filings on behalf of insurers.

RATING ORGANIZATIONS

Rating organizations, licensed by the division under AS 21.39.060, make filings on behalf of insurers. Rating organizations may file policy forms, manual rules, loss costs, or final rates on behalf of member and subscriber insurers and must allow all insurers that desire to become members to do so. All rating organizations and insurers may cooperate in rate making to the extent permitted under AS 21.39.

JOINT UNDERWRITING ORGANIZATIONS

Joint underwriting organizations are groups of insurers formed to insure a specific risk (e.g. aviation, pollution, or large marine) that would otherwise be too large for one insurer to insure. Each individual insurer assumes a portion of the risk. Joint underwriting organizations are not licensed by the division but are subject to regulation under AS 21.39.110.

ALASKA AUTOMOBILE PLAN

The Alaska Automobile Plan offers insurance for vehicle owners and operators unable to obtain insurance on a voluntary basis. Private passenger auto policy applications are submitted to Automobile Insurance Plan Service Office, a nonprofit management organization for groups administering the residual market, either directly or through an insurance agent, who then assigns the policies to insurers in proportion to each insurer's voluntary market share.

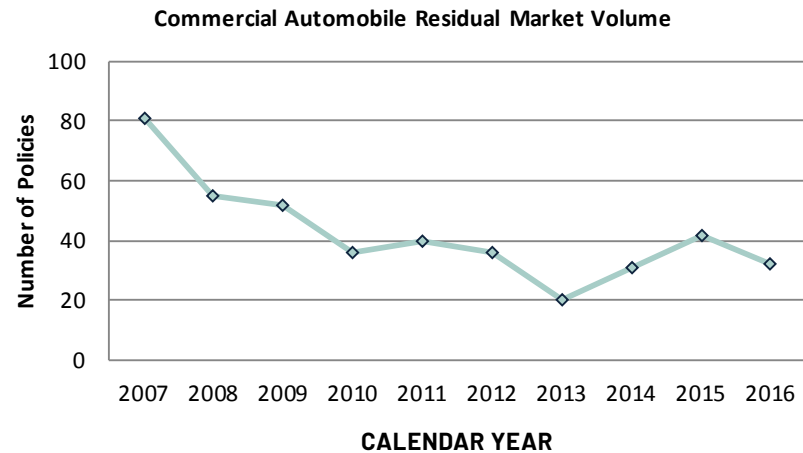

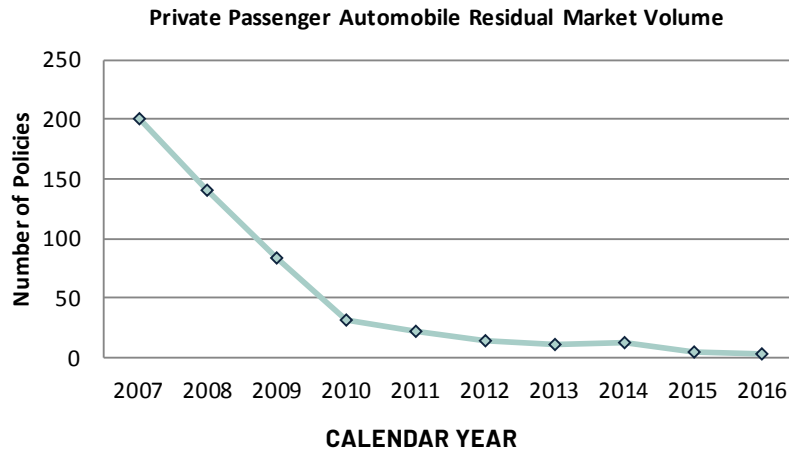

Commercial auto insurance is organized under a servicing carrier program. Currently, all commercial auto assigned risk business is handled by Progressive Casualty Insurance Company and all commercial auto insurers share in the profit or loss of this business based upon each insurer's voluntary market share.

The number of residual market policies in both the Private Passenger and Commercial Auto categories has decreased significantly in the past number of years, from the most recent peak in 2003, to 4 and 32 respectively in 2016. The long-term depopulation of

the residual market is due in large part to insurers' increasing ability to accurately rate potential customers and collect adequate premium for the risk associated with each individual, allowing customers that would previously have been destined for the residual market to now be written in the voluntary market. The long-term downward trend in the Commercial Auto residual market has leveled off in recent years reflecting the reality that certain types of commercial auto risk remain undesirable to insurers due to the hazardous nature of their work.

For 2016, the premium volume and number of policies in the Private Passenger Auto residual market is an insignificant portion of the total Private Passenger Auto market in Alaska. The premium associated with the 32 Commercial Auto residual market policies represents less than 1% of the total premium for all Commercial Auto policies.

AUTOMOBILE RESIDUAL MARKET VOLUME

WORKERS' COMPENSATION ASSIGNED RISK PLAN

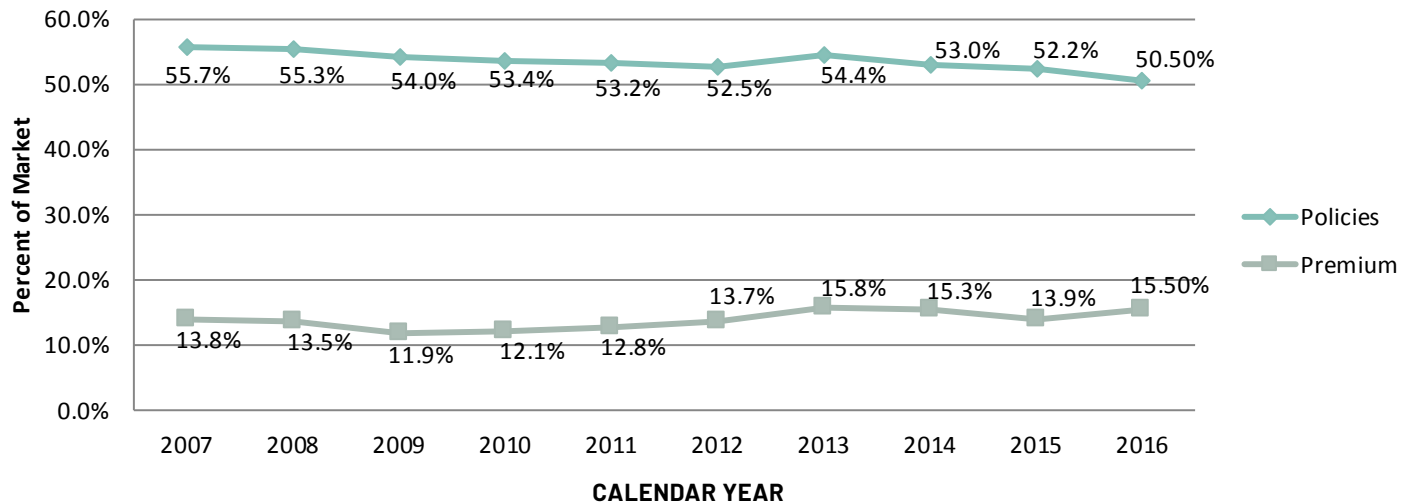

Employers who are declined coverage by two non-affiliated insurers may obtain insurance through the Workers' Compensation Assigned Risk Plan either by assignment to a servicing carrier or to a direct assignment carrier. For the period January 1, 2015 through December 31, 2017, the servicing carriers are Alaska National Insurance Company, LM Insurance Corporation, Riverport Insurance Company, and Travelers Property Casualty Company of America. American Interstate Insurance Company is a direct assignment carrier. A direct assignment carrier is assigned policies in proportion to its voluntary market share while all other insurers share in the profit or loss of the policies assigned to the servicing carriers based upon each insurer's voluntary market share.

For 2016, the 7,670 assigned risk policies made up 50.5% of all workers' compensation policies. The \$35.6 million in premium was approximately 15.5%

of total workers' compensation premium. Of the 7,670 assigned risk policies, 5,024 had premiums less than \$2,500.

The market share of assigned risk policies, by policy count, peaked in 2003, and has generally exhibited a gradual decreasing trend since then. The market share by premium volume has exhibited a somewhat cyclical pattern over that time, reflecting changes in the mix of the size of assigned risk policyholders over time. For example, the decrease from 15.8% premium share in 2014 to 13.9% premium share in 2015 was driven by a decrease in the number of the largest policyholders (by premium size) that are seeking coverage in the assigned risk market. Similarly, the subsequent increase in 2016 was driven by an increase in the number of the largest policyholders.

WORKERS' COMPENSATION ASSIGNED RISK MARKET SHARE

Note: Health insurance coverage is written by various types of companies. These companies may be structured differently and may have different reporting requirements based on their type. This section on health insurance coverage written in Alaska reports information regardless of the type of insurer except where noted.

HEALTH INSURANCE CLAIMS SURVEY 2016

Total # of claims incurred during the reporting year?	1,973,212
1. Of the incurred claims, how many of these were CLEAN claims?	1,884,504
A. Of the incurred CLEAN claims, how many of these were paid within 30 days of receipt of initial claim?	1,654,614
2. Of the incurred claims, how many of these were not CLEAN claims?	88,708
A. Of the incurred claims that were not CLEAN, how many provided notice within 30 days of receipt of initial claim?	75,862
B. Of the incurred claims that were not CLEAN, how many of these were paid within 15 days after receipt of information requested OR within the 30 after receipt of the initial claim?	35,615
3. Of the incurred claims, how many had INTEREST PAID during the reporting year due to late payment of claims?	60,556
A. Of the incurred claims that had INTEREST PAID, what is the total dollar amount paid during the reporting year due to late payment of claims?	1,131,644
4. Of the incurred claims, how many were denied and internally appealed under AS 21.07 during the reporting year?	1,563
A. Of the claims that were internally appealed, how many were paid?	432
5. ***Of all claims (regardless of service date), how many external appeals were requested by a consumer to be considered under AS 21.07 during the reporting year?	80
A. Of the claims that were requested for external appeal, how many received a determination by the external appeal agency?	79
B. Of the claims that received a determination, how many were paid?	6

***Please note that #5 is asking for all claims, not just those incurred during 2016.

1. The information contained in the Statistical & Financial Data reports is based on calendar year data. It should not be used to make determinations about the adequacy or excessiveness of insurance premiums because:
 - a. Calendar year data does not match losses with the premiums used to pay the losses. In any calendar year, some of the losses incurred by an insurer in that calendar year will be from policies that were issued in prior years.
 - b. Incurred loss data includes only amounts that an insurer pays as losses for items such as medical treatment and repairing or replacing damaged property. Loss data in these exhibits does not include other costs associated with settling claims such as attorney fees and adjusting costs. The loss data also does not include an insurer's operating expenses.
2. Health business detail and market share are located on pages 43-52.
