Pursuant to Alaska Statute (AS) 21.06.120, the Alaska Division of Insurance performed a limited and targeted premium tax audit of Brown and Riding Ins Services Inc. The audit was conducted by Rebecca Nesheim, tax auditor for the Alaska Division of Insurance.

#### **Brown and Riding Ins Services Inc**

#### **SCOPE OF AUDIT**

This premium tax audit was called to review compliance with the surplus lines statutes AS 21.34, and regulations 3 AAC 25, the premium tax regulations 3 AAC 21.550 – 570 and licensing statutes AS 21.27.350 and 21.27.810. This is the third premium tax audit of Brown and Riding Ins Services Inc conducted by the Alaska Division of Insurance (the division).

#### **Subject Matters Audited**

Brown and Riding Ins Services Inc (the broker) is an Alaska licensed surplus lines broker based in Los Angeles, CA. The division elected to audit their quarterly filings, premium taxes and filing fees paid for accuracy and timeliness as well as required diligent search efforts, disclosures, notifications, and prompt delivery of material facts in evidence of insurance to the insured.

#### **Time Frame**

The audit covered the broker's surplus lines business for policy effective dates occurring between January 1, 2021 and December 31, 2022.

#### **METHODOLOGY**

The division sent the call letter and initial data requests to the broker's office in Location. A list of all Alaska business transactions with nonadmitted insurers was requested for the period to be audited. The broker complied on a timely basis with all data requests. The number of policies written during the audit period was 1,026, from which a sample of 50 files was selected for audit.

#### The following are the procedure steps for the audit:

- 1) Verify that quarterly reports and accompanying forms were filed on time.
  - i) Audit steps taken:
    - (1) Reviewed the quarterly reports sent to the Alaska Division of Insurance and verified they were filed by the due date.
- 2) Verify the accuracy of the premium calculation.
  - i) Audit steps taken:
    - (1) Reviewed policy, binders, and invoices to determine how taxable premium was calculated.
    - (2) Verified the correct premium was reported on the reports as filed.
- 3) Verify the accuracy of quarterly reports filed.
  - i) Audit steps taken:
    - (1) Reviewed the policy, binder, and endorsement pages in each file.
    - (2) If the effective date did not match the quarterly filing, reviewed the correspondence to ensure the documentation in the file matched when the policy was booked. Most of these occurred with endorsements that often require additional information and sometimes company approval before it can be added to the policy. The invoice date determines in which quarter the endorsement is required to be filed.
    - (3) Verified the quarterly reports as filed with the division were accurately filled out to reflect the correct effective date, premiums, taxes and fees based upon the information in the files.
    - (4) Verified the policy was included in the quarterly filing based upon the effective date of the policy.
    - (5) Verified the insured name, insured address, insurance company, producer names and license numbers were accurate on the forms filed.
    - (6) Verified the descriptions of the subject and locations of risk were identified on the reports.
- 4) Verify if tax and filing fee payments were made on time and by ACH.
  - i) Audit steps taken:
    - (1) Confirmed when the payments were received by the Alaska Division of Insurance and the payment method.
- 5) Verify tax and filing fee payments were made accurately.
  - i) Audit steps taken:
    - (1) Confirmed if the tax and fee payments matched the quarterly reports as filed.
- 6) Confirm Alaska is the home state of the insured.
  - i) Audit steps taken:
    - (1) Verified where the principal place of business or residence of the insured is located.

- (2) Verified at least partial risk is located in Alaska or the highest % of premium in Alaska if headquarters not in Alaska with no risk in the headquarters state or in the case of individuals, the residence state.
- 7) Review effort made to place insured with an admitted insurer.
  - i) Audit steps taken:
    - (1) Verified the diligent search was documented prior to binding and received within 15 days from binding. If there were no declinations due to risk on the placement list, the list effective at the time of placement was reviewed to ensure the risk was on the list
- 8) Review prompt delivery of evidence of insurance AS 21.34.100(a) and 3 AAC 25.060.

    - (1) Reviewed documents to confirm required material facts were located on the evidence of insurance when policy not available within 30 days of binding.
- 10) Review disclosures for use of non-admitted insurer.
  - i) Audit steps taken:
    - (1) Reviewed the evidence of insurance to ensure the broker's name and language required by statute AS 21.34.100(e) is present and legible and at least 10-point type.
- 11) Review notifications for use of non-admitted insurer.
  - i) Audit steps taken:

  - i) Audit steps taken:
    - (1) Reviewed documents to ensure other surplus lines statutes and regulations requirements were met.

#### **Acceptable Error Rate:**

The Broker's acceptable error rate for the above referenced standards and tests must be less than 10%.

#### PREMIUM TAX AUDIT

1. Verify quarterly reports and accompanying forms were filed on time

AS 21.34.080 and .170, 3 AAC 25.090 and .100

Comments: The eight original quarterly reports with accompanying forms were filed on time.

Results: Passed (error rate 0%)

2. Verify the accuracy of the premium calculation

AS 21.34.180

Comments: The premium was calculated correctly for all policies in the audit files.

Results: Passed (error rate 0%)

3. Verify the accuracy of all quarterly reports filed

AS 21.34.080 and .170, 3 AAC 25.090 and .100

*Comments*: Four errors were noted on the Report of Surplus Lines Transaction forms and Quarterly Reports filed with the division:

- The Lloyd's syndicates were missing initially -1
- Transaction filed on amended report after due date 2
- Expiration date was incorrect 1

For the description of the subject, the broker is using the NAICS (North American Industry Classification System) codes.

Results: Passed (46 files passed & 4 failed, error rate 8%)

Recommendations: It is recommended the broker modify their Alaska specific written procedures to include additional instructions on how to fill out the transaction report. Procedures should include what data is entered into each field. A second individual reviewing documents before submission should reduce the number of errors received by the division. If the broker continues to use the NAICS coding, it is recommended written procedures be created to identify how the codes are to be selected to include whether selecting based on the type of business the insured is in or what type of coverage is being written.

The broker's response: We have updated our procedures per the suggestions listed in the proposed report and received your approval on all changes.

4. Verify if tax and filing fee payments were made on time and by ACH

AS 21.34.180, AS 21.34.190, 3 AAC 21.550 - .570

*Comments*: All payments were made on or before the required due date for the quarterly payments and made by ACH.

Results: Passed (error rate 0%)

5. Verify tax and filing fees payments were made accurately

AS 21.34.180, 3 AAC 21.550 - .570

Comments: All tax and fee payments made by the broker were accurate based upon the quarterly reports as filed. The errors found during the audit in the quarterly report accuracy affects the accuracy of the tax and fee payments. This flow-through finding is addressed in its respective audit test.

Results: Passed (error rate 0%)

AS 21.34.180

Results: Passed (error rate 0%)

7. Review diligent search effort made to place insured with an admitted insurer

AS 21.34.020, 3 AAC 25.010 and .035

Results: Passed (error rate 0%)

**9.** Review required material facts located on evidence of insurance

AS 21.34.100(a)

*Comments*: All files included the required material facts on binders and policies. If the binder was missing facts, the policy sent within the 30 days from binding was evaluated.

Results: Passed (error rate 0%)

#### 10. Review disclosures on evidence of insurance for use of non-admitted insurer

AS 21.34.100(e)

*Comments*: One file included an endorsement that had Alabama's disclosure language instead of Alaska's. Where the insured's copy was unavailable, auditor relied upon the broker copy.

Results: Passed (49 files passed & 1 failed, error rate 2%)

*Recommendations*: It is recommended the broker ensure written procedures are followed that all evidence of insurance, including endorsements, have the correct required disclosure statement.

The broker's response: We have updated our procedures per the suggestions listed in the proposed report and received your approval on all changes.

#### SUMMARY AND SUBSEQUENT EVENTS

#### **Summary**

This was a premium tax audit of Brown and Riding Ins Services Inc. The auditor tested 13 standards focusing on the broker's filing of quarterly reports and the subsequent payment of premium taxes and filing fees as well as diligent search efforts, disclosure and notification requirements for using a non-admitted insurer, and prompt delivery of material facts to insured.

The audit was conducted in the auditor's office as she received electronic versions of the broker's files under audit. The broker responded quickly to all requests for additional information. The auditor appreciated this behavior.

Although the auditor found problems in several audit tests, no significant issues arose that affects the service to the insured or compliance with Alaska statutes and regulations.

The division commends the broker in their adherence in meeting Alaska laws. It is recommended that Brown and Riding Ins Services Inc be put into the premium tax audit cycle with all other brokers.

The auditor has reviewed all new and revised procedures to help the broker ensure all problems identified in the audit were captured accurately.
