December 12, 2013

Mr. Lynn Chrystal, Chairperson  
Local Boundary Commission  
State of Alaska  
568 Cliffside Ct  
Valdez, AK 99686

Dear Mr. Chrystal,

The City of Seldovia would like to address the proposal by Mr. Kris Lethin to annex the surrounding areas of Seldovia and expand our city limits. We understand this is a unique situation and the Commission is obligated to discuss the proposal at the request of Mr. Lethin.

Last night our City Council, along with many concerned citizens both within our current boundaries and the new proposed boundaries, met to discuss the issue at hand. The City Council assured the public, and would like to make it clear to the Boundary Commission, that they have not instigated or proposed any action regarding the issue of annexation and does not want this annexation as proposed by Mr. Lethin to go forward.

We hope you take this into consideration for your discussion at your January meeting.

Please feel free to contact me with any questions.

Sincerely,

Timothy J. Dillon  
City Manager
