R: Annexation to City of Seldovia

Members Boundary Commission

I will be out of the country through January 2014 and cannot attend the public meeting. My residence is 5075 Jakalof Bay Road. This is not a summertime vacation cabin.

I am adamantly opposed annexation to the City of Seldovia. It makes no sense. The City has enough political turmoil. As Mr. Lethin in his letter aptly says; 'without a petition from the City council that is conflicted by many issues within Seldovia'. Obviously his motive is political, perhaps to change the makeup of the City Council to his satisfaction.

One of the main reasons my wife and I live where we do is that we want to be left alone. We do want people from Seldovia trying to manage our life. There is no political or economic advantage to us being residents of Seldovia. I buy my gas, fishing gear and groceries in Homer. My boat slip is in Homer.

Sincerely

Thomas R. Dunagan and Frances E. Dunagan
