Narratives

Disaster Damage:

Since January 2011, FEMA Region X has partnered with the State of Alaska to deploy Risk Mapping, Assessment, and Planning, (Risk MAP) projects with the goal of accurately and comprehensively depicting natural hazard risks throughout Alaska, including Municipality of Anchorage, Matanuska-Susitna Borough, and Kenai Peninsula Borough.

The following information was extracted and summarized from Governor Michael L. Dunleavy, "Request for Major Disaster Declaration, January 3, 2019", State of Alaska Letter, available <https://gov.alaska/wp-content/uploads/sites/2/Request-for-Presidential-Disaster-Declaration.pdf>. (IV Reference 3). On November 30, 2018, at 8:29 am, Alaska Standard Time, a 7.1 magnitude earthquake located seven miles north of Anchorage near Point MacKenzie produced very strong seismic shaking that caused widespread and severe damage primarily within Municipality of Anchorage, Matanuska-Susitna Borough, and Kenai Peninsula Borough. The earthquake, and the subsequent aftershocks, caused damage to major highways and important public roads, bridges, and other transportation infrastructure; undermining of road embankments and railroad tracks, and loss of track base; widespread power, water, and communication disruption; structural collapse and resulting fires to several buildings; and severe damage to private homes, personal property, and businesses.

There were no fatalities during the 2018 Cook Inlet Earthquake and thus far, there have been no earthquake-related fatalities during the recovery. However, there is an ongoing need to respond to the residents still living in a privately-owned mobile home park, where the community water well and potable water distribution system was further damaged during the 2018 Cook Inlet Earthquake. The concentration of the shaking was primarily limited to three jurisdictions; Municipality of Anchorage, Matanuska-Susitna Borough, and Kenai Peninsula Borough. During the following two years, there have been over 12,500 aftershocks recorded by the United States Geological Survey (USGS).

All affected communities are located around the Cook Inlet in Southcentral Alaska. The Municipality of Anchorage is the largest metropolitan area in the State of Alaska with a 2018 population of 295,265. The Matanuska-Susitna Borough is located approximately 30 miles north of Anchorage, encompasses 24,682 square miles (slightly larger than the State of West Virginia) and in 2018 had a population of 105,743. The Kenai Peninsula Borough is located across the Turnagain Arm, about 40 miles south of Anchorage and in 2018 had a population of 58,471. The three contiguous jurisdictions affected by the earthquake comprise over 60 percent of the State's total population and a substantial portion of Alaska's economic base.

The National Weather Service (NWS) National Tsunami Warning Center (NTWC) issued a tsunami warning for the Cook Inlet, including Municipality of Anchorage, Matanuska-Susitna Borough, and the southern Kenai Peninsula Borough within minutes of the earthquake.

The cost and scope of the disaster was sufficient to warrant immediate federal disaster assistance; thus, in consultation with the Federal Emergency Management Agency (FEMA), Governor Walker requested and received an Emergency Declaration (EM-3410-AK) for direct federal assistance on November 30, 2018. On January 3, 2019, under the provisions of Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121-5207 (Stafford Act) and implemented by 44 CFR 206.36, Governor Dunleavy requested a Declaration of Major Disaster for the State of Alaska. The Presidential declaration of a major disaster for the State of Alaska (FEMA-4413-DR) was issued by President Trump on January 31, 2019.

Recovery Needs:

The State of Alaska/Department of Commerce, Community, and Economic Development (DCCED) has completed the following Impact and Needs Assessment to evaluate the three core areas of recovery - housing, infrastructure, and economic revitalization and to plan disaster relief, recovery, and mitigation activities within the three CDBG-DR eligible jurisdictions; Municipality of Anchorage, Matanuska-Susitna Borough, and Kenai Peninsula Borough.

Due to the severity of the Unmet (Affordable) Housing Needs within the Municipality of Anchorage and the Matanuska-Susitna Borough, the Public Infrastructure and Economic Revitalization Programs have been deleted.

The Needs Assessment of Unmet Housing addressed interim and permanent; owner and rental; single-family (1-4 dwelling units) and multi-family (5+ dwelling units); affordable and market rate; and housing to meet the needs of pre-earthquake homeless persons. Immediately after the 2018 Cook Inlet Earthquake, the State of Alaska provided interim housing assistance. Currently, there is no need for interim housing assistance.

According to the Alaska Housing Finance Corporation, Alaska's sole public housing authority, there is no remaining earthquake damage to public housing.

According to the Cook Inlet Housing Authority, there is no remaining earthquake damage to Indian (Alaska Native) Housing.

According to FEMA, as of May 8, 2019, there was no remaining earthquake damage to affordable and market-rate rental housing.

According to the revised FEMA Individual Assistance Program, there were 4,572 owner-occupied housing units with \$10,258,920 in unmet housing needs for all types of housing.

There remains an unmet disaster relief need for the 35 households still residing in the Forest Park Mobile Home Park, an unmet housing need for the 1,000+ pre-earthquake homeless persons (the majority are in protected classes,) and a severe shortage of affordable housing (5,000+) within Municipality of Anchorage.

During the needs assessment, within Municipality of Anchorage, DCCED determined there are several housing units located in areas with overlapping natural hazards, i.e., Seismic Hazard Zone 4, High Ground Failure Susceptibility; Bootlegger Cove Special Landslide Hazard Area; and FEMA designated Special Flood Hazard Areas.

During the needs assessment, within Kenai Peninsula Borough, DCCED determined there are several housing units located in areas with overlapping natural hazards, i.e., Unspecified Seismic Hazard Zones, Coastal Erosion, Tsunami Flood Inundation Areas, and FEMA designated Special Flood Hazard Areas. DCCED determined there are numerous housing units requiring additional repair within Kenai Peninsula Borough.

In conclusion, DCCED has focused its efforts on new affordable housing construction and housing rehabilitation/recovery.

Limit on Admin	\$1,792,800.00	\$1,792,800.00	\$124,265.08
Most Impacted and Distressed	\$28,684,800.00	\$28,274,408.00	\$5,251,315.72

Overall Progress Narrative:

During this reporting period, DCRA staff continued to coordinate with the three CDBG-DR eligible jurisdictions and subrecipients on their proposed programs and projects. DCRA continued to review and approve monthly Financial/Progress Reports from NeighborWorks Alaska, Cook Inlet Housing Authority, Municipality of Anchorage, and the Kenai Peninsula Borough. DCRA is in the early phases of adopting a new Grant Management System, as a new system of record. On December 29, 2023, Tidal Basin completed the fourth internal audit cycle, which focused on 1) Financial Management Controls, 2) Procurement Processes, 3) Procedures for Prevention of Duplication of Benefits, 4) Procedures to Determine Timely Expenditures, and 5) Procedures to Detect Fraud, Waste, and Abuse. There were no findings nor areas of concern.

As new information became available regarding Unmet Needs, DCRA updated existing programs and projects.

NeighborWorks Alaska, Housing Supportive Services (HSS) has continued to conduct outreach to all 5 remaining eligible Forest Park households and has received no new applications from interested households. Cumulatively, there are 3 LMI households receiving rental assistance through the Forest Park Optional Relocation Program (FPORP). NeighborWorks Alaska has continued to provide professional, high-quality, team-oriented, client-focused case management services to all Forest Park clients. On December 28 and 29, 2023, representatives from NeighborWorks Alaska, DCCED, and HUD walked through the Forest Park Mobile Home Park conducting public outreach. The extremely tight and expensive rental market and housing market are a significant challenge for these households to find "decent, safe, and, sanitary" replacement housing. The Public Water System remains out of compliance with the Safe Drinking Water program and the septic system is not functional. Neither the State of Alaska Department of Environmental Conservation nor the Municipality of Anchorage have posted "Notices to Vacate" this year.

Cook Inlet Housing Authority continued with winter construction at Spenard East Phase II, Providence Alaska House, Mountain View 21, Aspen House, and Old Mat Housing.

Kenai Peninsula Borough solicited and awarded a contract to update their Hazard Mitigation Plan. Municipality of Anchorage was awarded two grant agreements for several planning-only activities; Integration of MOA Hazard Mitigation Plan and Comprehensive Plan and Updating Neighborhood and Targeted Plans.

Project Summary

Project #, Project Title	This Report	To Date

Activity Description:

Funds will be used by the State of Alaska Department of Commerce, Community, and Economic Development (DCCED)/Division of Community and Regional Affairs (DCRA) to cover administration costs incurred. These costs will include state staff time to manage the grants, to monitor subrecipients, to review/approve invoices, and to prepare reports.

Location Description:

DCCED/DCRA Staff are in Anchorage, AK 99501, Fairbanks, AK 99701, and Juneau, AK 99811.

Activity Progress Narrative:

During this reporting period, DCRA staff continued to coordinate with the three CDBG-DR eligible jurisdictions and subrecipients on their proposed programs and projects. DCRA continued to review and approve monthly Financial/Progress Reports from NeighborWorks Alaska, Cook Inlet Housing Authority, Municipality of Anchorage and the Kenai Peninsula Borough. DCRA is in the early phases of adopting a new Grant Management System, as a new system of record. On December 29, 2023, Tidal Basin completed the fourth internal audit cycle, which focused on 1) Financial Management Controls, 2) Procurement Processes, 3) Procedures for Prevention of Duplication of Benefits, 4) Procedures to Determine Timely Expenditures, and 5) Procedures to Detect Fraud, Waste, and Abuse. Activity Description:

DCCED will provide \$50,000 to Municipality of Anchorage to develop a neighborhood plan for Central Anchorage including the Airport Heights and Rogers Park areas. Anchorage’s central neighborhoods have no area-specific plan to guide land use, housing, business, or transportation development nor hazard mitigation. This plan will include the All Hazards Mitigation Plan goals, policies, and maps.

Location Description:

DCCED/MOA Staff are located in Anchorage, AK 99501.

Activity Progress Narrative:

DCCED executed a grant agreement with the Municipality of Anchorage on December 22, 2023, allowing the Municipality of Anchorage to start preparing for the hiring process.

ANCHORAGE, MUNICIPALITY OF (INC)	\$0.00	\$0.00
Most Impacted and Distressed Expended	\$0.00	\$0.00

Activity Description:

DCCED will provide \$850,000 to Municipality of Anchorage for the purpose of integrating the MOA Hazard Mitigation and Comprehensive Land Use Plans, using the FEMA Region X, Post Earthquake Recommendations for Mitigation as authorized by 24 CFR 570.205 and 24 CFR 570.208(d)(4).

Location Description:

DCCED/MOA Staff are located in Anchorage, AK 99501.

Activity Progress Narrative:

The Municipality of Anchorage Office of Emergency Management (OEM) performed duties related to updating Plans, phone calls, meetings with partners, reviewing, editing, planning project management. The OEM staff collaborated with partners via phone calls and meetings on mitigation planning with Anchorage Water and Wastewater Utility (AWWU), and Joint Base Elmendorf Richardson (JBER) staff on mitigation projects for the Municipality of Anchorage (MOA), reviewed threats and hazards, conducted analysis for the MOA, GIS Planning, and mapped updates incorporating elements of the 2023 MOA Hazard Mitigation Plan. OEM staff attended the MOA/Geotechnical Advisory Committee Hazard Mitigation meetings, prepared work and conducted follow-up with community partners and prioritized the mitigation strategy table for the hazard mitigation plan. OEM Staff collaborated with the Planning Department to prepare grant documents for projects, Assembly Memorandum/Assembly Resolution documents, prepared and hosted a public hearing.

In December, the OEM staff initiated the hiring process for the primary person to complete this project.

Most Impacted and Distressed Expended	\$0.00	\$0.00

Activity Description:

DCCED will provide \$100,000 to Municipality of Anchorage to establish a "live" geographic database of existing land uses, facilities, housing types, and a vacant/buildable lands inventory (BLI) including in hazard areas with the highest concentration of critical or potentially vulnerable uses, such as in seismically induced ground failure hazard zones. This includes vacant properties in seismic risk zones that may be candidates for acquisition/set-asides. This "live" database would be a sustainable product fed by ongoing data flows from property appraisal, business licensing, and development permits. It would identify existing critical uses such as public safety, medical, or utility facilities; vulnerable occupancies such as office and residential tower or emergency shelters.

Location Description:

DCCED/MOA Staff are located in Anchorage, Alaska 99501.

Activity Progress Narrative:

DCCED executed a grant agreement with the Municipality of Anchorage on December 22, 2023, allowing the Municipality of Anchorage to start preparing for the hiring process.

KENAI PENINSULA BOROUGH (INC)	\$9,227.11	\$9,227.11
Most Impacted and Distressed Expended	\$0.00	\$0.00

Activity Description:

DCCED will provide \$281,250.00 to Kenai Peninsula Borough for eligible planning activities consisting of data gathering, studies, analysis, preparation of plans and the identification of actions that will implement such plans, including, but not limited to: (1) Comprehensive plans; (2) Community development plans; (3) Functional plans; (4) Other plans and studies; and (5) Policy planning, management, and capacity building activities.

Location Description:

KPB Staff are located in Soldotna, AK 99669.

Activity Progress Narrative:

Kenai Peninsula Borough(KPB) issued RFP 24-007, a call for proposals from qualified firms to complete a review and update of the 2019 Kenai Peninsula Borough Hazard Mitigation Plan. They conducted a Pre-Bid Meeting and selected an evaluation team. The evaluation team reviewed and scored the proposals, and the Purchasing Department determined the responsive bid. The KPB Mayor approved the Authorization to Award Memorandum to the lowest qualified bidder.

ANCHORAGE, MUNICIPALITY OF (INC)	\$0.00	\$0.00
Most Impacted and Distressed Expended	\$0.00	\$0.00

Activity Description:

DCCED will provide \$175,000 to Municipality of Anchorage to estimate the capacity of buildable lands for future housing, commercial, and other critical uses in the Anchorage Bowl, Chugiak-Eagle River, and Turnagain Arm/Girdwood. The study will estimate future land development capacity in terms of (1) the number of additional dwellings possible by housing type; (2) the amount of employment possible that can be accommodated by sector and wage range; and (3) key infrastructure capacity and necessary upgrades. The study will identify locations for additional housing and critical uses and how these may overlap into natural hazard areas. This study will also complete a zoning code comparison of proposed housing capacity to determine where zoning may need to be amended to accommodate projected development.

Location Description:

DCCED/MOA Staff are located in Anchorage, AK 99501.

Activity Progress Narrative:

DCCED executed a grant agreement with the Municipality of Anchorage on December 22, 2023, allowing the Municipality of Anchorage to start preparing for the hiring process.

Activity Description:

DCCED will provide \$175,000 to Municipality of Anchorage to forecast and allocate housing and employment growth in the Municipality of Anchorage through 2050. This study builds upon State of Alaska and University of Alaska Anchorage forecasts to update Anchorage's forecast scenarios for population, housing demand, and employment growth by industry sector. This study translates the growth forecast into resulting land space needs by housing type and household income (including LMI); and for commercial and public facilities. This study allocates forecast housing and economic activity across Anchorage and Eagle River and predicts where growth pressures will occur. This study compares forecast land demand to buildable land capacity and identifies capacity deficits relative to forecast needs. This study assesses the land capacity relative to the forecast for all types of housing and employment needs, including LMI household needs, which has not been done in previous efforts.

Location Description:

DCCED/MOA Staff are located in Anchorage, AK 99501.

Activity Description:

This activity meets the National Objective of Low-Moderate Income Housing, as described in 24 CFR 570.483(b)(3) and is an eligible activity under Section 105(a)(11) of the Housing and Community Development Act of 1974. This activity will be implemented by NeighborWorks Alaska. The Forest Park Manufactured Housing Unit (MHU) Relocation Reimbursement Program provides for the reimbursement of expenses to eligible Forest Park households for the manufactured housing unit relocation, leveling, skirting, and re-connection to all public utilities to lots within the Municipality of Anchorage or the Matanuska-Susitna Borough. The manufactured housing unit must meet HUD certification requirements, i.e., must have a HUD certification label. The new lot must meet HUD Environmental Review requirements.

Activity Description:

This activity meets the National Objective of Low-Moderate Income Housing, as described in 24 CFR 570.483(b)(3) and is an eligible activity under Section 105(a)(11) of the Housing and Community Development Act of 1974. The activity will provide eligible Forest Park households with up to 24 months of housing assistance. This may include in a case-by-case basis, an extension until the household has received a Housing Choice Voucher or other subsidized housing assistance. Also, Temporary Lodging at an extended stay facility/short-term rental and Temporary Storage (not to exceed 90 days), Utility connect/disconnect fees, and U.S. Post Office Box rental fees are authorized until the household has found a "decent, safe, sanitary" and suitable apartment/rental house. This will be based on fair market rent multiplied by 24 months. The following are the FY2024 Anchorage, AK HUD Metro Fair Market Rents (with utilities): Efficiency: \$996; 1-Bedroom \$1,107; 2-bedroom \$1,454; 3-bedroom \$2,049, and 4-Bedroom \$2,467. The following are the FY2023 Matanuska-Susitna Borough, AK HUD Metro Fair Market Rents (with utilities): Efficiency: \$919; 1-Bedroom \$974; 2-bedroom \$1,280; 3-bedroom \$1,804, and 4-Bedroom \$2,172.

Location Description:

Eligible households may choose eligible housing units in eligible locations within the Municipality of Anchorage or within the Matanuska-Susitna Borough.

Activity Progress Narrative:

This program is compliant with the AFFH goals and objectives. This is the second activity of six approved activities. NeighborWorks Alaska, Housing Supportive Services (HSS) has continued to conduct outreach to all 5 remaining eligible Forest Park households and has received no new applications from interested households. Cumulatively, there are 3 LMI households receiving rental assistance through the Forest Park Optional Relocation Program (FPORP). NeighborWorks Alaska has continued to provide professional, high-quality, team-oriented, client-focused case management services to all Forest Park clients. In late December 2023, representatives from NeighborWorks Alaska, DCCED, and HUD walked through the Forest Park Mobile Home Park conducting public outreach. The extremely tight and expensive rental market and housing market are a significant challenge for these households to find "decent, safe, and, sanitary" replacement housing. The Public Water System remains out of compliance with the Safe Drinking Water program and the septic system is not functional. Neither the State of Alaska Department of Environmental Conservation nor the Municipality of Anchorage have posted "Notices to Vacate" this year.

Activity Description:

This activity meets the National Objective of Low-Moderate Income Housing, as described in 24 CFR 570.483(b)(3) and is an eligible activity under Section 105(a)(24) of the Housing and Community Development Act of 1974. The activity intends to allow eligible, credit qualified, Forest Park households to use up to \$50,000 for a down payment for the purchase of a New Type I/II Manufactured Housing Unit located in a mobile home park within the Municipality of Anchorage or the Matanuska-Susitna Borough. The new lot must meet HUD Environmental Review requirements. The Loan Amount cannot exceed the Maximum Alaska Housing Finance Corporation (AHFC) Mortgage Limit for a New Type I/II Manufactured Housing Unit located in a mobile home park. When a household identifies a new Type I/II manufactured housing unit and an AHFC approved Federal Deposit Insurance Corporation (FDIC) insured lender is willing to provide a mortgage for the purchase of the identified manufactured housing unit, the Program will provide up to \$50,000 at closing through a licensed title company. A home inspection performed by a qualified firm and an appraisal may be required prior to closing. This Program is voluntary.

Location Description:

Eligible households may purchase eligible Manufactured Housing Units in eligible locations within the Municipality of Anchorage or the Matanuska-Susitna Borough.

Activity Description:

Spenard East is a two-phase, 86-unit multi-family affordable housing development located in the Spenard neighborhood in midtown Anchorage. Phase II consists of 38 additional units in the form of townhouses, eight-plexes, and a duplex. The targeted income limit for prospective tenants is 30-60% AMI and the minimum affordability period is twenty (20) years for this project. The site is situated in Census Tract: 2000; Block Group Code: 2, a Qualified Census Tract as defined by HUD with a high proportion of households with income less than 30% of the Area Median Gross Income. Responding to the needs of the local community, Spenard East will provide affordable housing units for families and seniors and will include set-asides for disabled and homeless households. The central location in midtown provides connectivity to employment centers, retail options, banks, restaurants, the public library, downtown, and hospitals. CDBG-DR funds will be used for Phase II civil building and site development to include new sidewalks, curbs, and landscaping, as well as, to develop and construct new affordable housing.

Location Description:

Lots 3 and 4, Spenard East Subdivision, Anchorage, AK 99503

Activity Progress Narrative:

Cook Inlet Housing Authority continued with winter construction at Spenard East Phase II. Framing was completed on two four-plexes, the Wilshire duplex, and one townhouse. The windows were installed on the Wilshire duplex and one townhouse. Mechanical, plumbing, and electrical rough-in continued on several housing units.

Activity Description:

The first phase conceptual design contemplates an approximate 33,000 sf permanent supportive housing development with 51 units for seniors who have experienced chronic homelessness. The targeted income limit for prospective tenants is 30-60% AMI and the minimum affordability period is thirty (30) years for this project. The building will include support space for the provision of social services including case management consult rooms, spaces for a reception area, administrative and service provider offices, exam rooms, a computer lab area, and a room for resident gathering. Cook Inlet Housing Authority (CIHA) has completed design for Phase 1 and intends to break ground on this phase in Spring 2023, with a Fall 2024 completion.

Location Description:

4900 Eagle Street, Anchorage, AK 99503

Activity Progress Narrative:

Cook Inlet Housing Authority continued with winter construction at Providence Alaska House. Interior framing was continued. Interior plumbing, HVAC and electrical rough-in were continued.

Activity Description:

Mountain View 21 is a new 21-unit multifamily affordable Low-Income Housing Tax Credit development located in the mountain View neighborhood within the municipality of Anchorage. This mixed income rental development includes 21 apartments - 19 one-bedroom and 2 studio units - in a single three-story elevated building. The targeted income limit for prospective tenants is 60% AMI or less for 21 households. The minimum affordability period is twenty (2) years for this project.

The site is situated in Census Tract: 00600; Block Group Code: 8, a Qualified Census tract as defined by HUD with a high proportion of households with an income less than 30% of the Area Median Gross Income. Responding to the needs of the local community, Mountain View 21 will provide affordable housing units for families and seniors and will include set-asides for disabled households.

The project site plan is designed to accommodate ample tenant and visitor parking. The project sidewalks provide safe opportunities for pedestrians and bikes with access to public transit. The central location in Mountain View provides connectivity to employment centers, retail options, banks, grocery stores, the public library, schools, and hospitals. The design has been completed.

Location Description:

Mountain View Block 1, Lot 1B, Anchorage, AK

Activity Progress Narrative:

Cook Inlet Housing Authority continued with winter construction at Mountain View 21.

The general contractor installed all load-bearing walls on the first floor, joists, and plywood sheathing for the second floor, and began installing perimeter walls on the second floor. The

general contractor installed all strapping and associated blocking for diaphragm reinforcement at the second floor and the structural steel on the first floor.

Aspen House will provide affordable senior apartments located on the campus of Wasilla Area Seniors, Inc. in Matanuska-Susitna Borough. This rental development includes 40 apartments - 10 two-bedroom and 30 one-bedroom units in a single three-story elevated building. Targeted income limits for prospective tenants are 60% AMI or less for 30 units, and the minimum affordability period for the project is 20 years. Eight (8) units will not be income restricted. Responding to the needs of the local community, Aspen House will provide affordable apartments for seniors and will include units for physically disabled allowing seniors to age in place. The project is centrally located close to downtown Wasilla, near schools, restaurants, grocery, banking, the library, and post office. Wasilla Area Seniors Inc. will own and operate Aspen House.

Location Description:

The subject property is located at Tract A-2B, Center Point Subdivision, Phase 4, Wasilla, Alaska. The physical address is 1500 South Knik Goose Bay Road, Wasilla, Alaska.

Activity Progress Narrative:

Cook Inlet Housing Authority continued with winter construction at Aspen House.

The general contractor continued framing activities. The prefabricated wall panels for the 2nd and 3rd floors were craned and installed. Some of the vinyl windows were installed. The plumbing contractor began layout and rough-in of waste and vent piping. All third floor bearing walls, hangers, posts, cords, and beam pockets were framed to allow for the roof trusses, joists, and beams to be installed.

Activity Description:

The Old Mat Housing development is a two-phase, 46-unit multi-family affordable rental development located in City of Wasilla in Matanuska-Susitna Borough. Phase II consists of 24 units in the form of six townhome style four-plexes. The targeted income limits for prospective tenants are 60% AMI or less, and the minimum affordability period for the project is twenty (20) years. Responding to the needs of the community, Old Mat Phase II will provide affordable housing for families and include set-asides for disabled and homeless households. The project site plan is designed to accommodate ample tenant and visitor parking and on-site snow storage. The central location provides connectivity to employment centers, retail options, restaurants, a movie theater, and child day care. Valley Residential Services will own and operate Old Mat Phase II.

Location Description:

The subject property is located in the Southwest Quarter of the Northwest Quarter, Section 18, Township 17 North, Range 3 West, Seward Meridian, Alaska. The address of the subject property is 3676, 3678, 3750, 3754, 3758 and 3762 East Old Matanuska Road in Wasilla, Alaska.

Activity Progress Narrative:

Cook Inlet Housing Authority continued with winter construction at Old Mat Housing. The civil contractor completed the installation of north septic tank. Site work ceased due to winter conditions, remaining work to continue spring of 2024. The temporary electrical and natural gas services were installed. The underground plumbing and electrical installation, vapor intrusion, rigid foam and concrete foundation were completed. Framing activities were completed, followed by roofing and window installations, and mechanical, plumbing and electrical rough-in activities were

started on one building.
