Klawock, AK 99925

RE: FY 2016 Population Determination

Dear Mr. Holien,

The Division of Community and Regional Affairs (DCRA) reviewed the head count census documentation for Klawock Lake Community Association as received on March 26, 2015. This census documented that the population count of Klawock Lake be 44 based on the census you conducted on March 25, 2015.

We have determined that the census was conducted in accordance with DCRA procedures and agree with your population count of 44 persons. We also considered the information provided by the State Demographer who conducted an estimate based on census block data, which came out to be lower than your recent count. The Demographer acknowledges that the resulting number of course does not have the benefit of local knowledge and could be inaccurate for various reasons.

Consequently, the Department of Commerce, Community, and Economic Development will use a population figure of **44** for Klawock Lake in FY2016 financial assistance programs.

If you have any questions about procedures used in making this determination, please contact Manjula Boyina, Research Analyst IV, at (907)269-7959.

Sincerely,

A handwritten signature in blue ink, appearing to read "Katherine Eldemar".

Katherine Eldemar
Director
