The meeting took a short recess at this time.

3. Decision regarding the Dillingham annexation petition

The chair led the commission through the decisional process using the checklist. After discussion, the chair called for a vote. Commissioner Harrington moved to approve the Dillingham petition as presented. Commissioner Harcharek seconded the motion. Commissioner Harrington moved to amend his motion to exclude the area already granted in approval of the City of Manokotak’s annexation petition, and that territory on the east side of Nushagak Bay, which was depicted and described in the two exhibits E-30 and E-31 presented by respondents Ekuk, et al., at the public hearing.

The amendment provides for exclusion of the legal offshore fishing distance for set nets and the corresponding Fish and Game statistical areas, which were described during the public hearing and during the decisional meeting. The amendment also excluded the Igushik and
Snake River Sections that were included as part of the City of Manokotak’s annexation petition approved by the commission earlier in the decisional meeting.

Commissioner Wilson seconded the motion to amend the motion to approve the annexation. A roll call vote was taken on whether to approve the amendment which excluded the above-noted areas from the territory proposed for annexation. Four commissioners voted yes. Commissioner Hargraves voted no and stated that he supported only part of the amendment and, therefore, had to vote against the motion to amend.

After a discussion, a roll call vote on the amended motion to approve the petition was called. All five commissioners voted in favor of approving the City of Dillingham’s petition as amended by the commission.

Commissioner Hargraves moved to approve the Manokotak decision as presented. Commissioner Harcharek seconded the motion. There was commissioner discussion on the nature of the vote. Several commissioners offered comments on the decision to approve Manokotak's annexation petition itself. Counsel for the LBC told commissioners that the vote was to approve or deny the written statement of decision and whether they felt it accurately reflected the December 1, 2016 decision only. Mary Lynn Macsalka offered her advice on reconsideration after a question from Commissioner Harrington. Commissioner Harrington stated he felt the commission had made a serious error. The chair called for a vote on the motion. Brent Williams called the roll. Two commissioners voted against the motion: Commissioners Harrington and Wilson. Chair Chrystal, and Commissioners Harcharek and Hargraves voted in favor and the motion passed with three votes in favor. The statement of decision on the Manokotak annexation petition was approved.

Commissioner Harcharek moved to approve the written decision on the Dillingham annexation petition. Commissioner Harrington seconded the motion. Mary Lynn Macsalka counseled the commission that there were issues that needed to be clarified in the draft written statement for staff to complete the document. Commissioners Harcharek and Wilson agreed to withdraw their motion and second. Commissioner Harcharek then moved to adopt the written statement of decision regarding Dillingham’s petition for annexation as presented at the meeting today, with the condition that the department insert the final legal description for the expanded boundaries of the city and mail the decision no later than December 30, 2016. Commissioner Harrington seconded the motion. A discussion followed. Staff provided information on the metes and bounds progress. Mary Lynn Macsalka clarified the matter of missing information in the draft statement needing to be clarified: specifically whether 3 AAC 110.130(c)(1) which asks whether a city is on a scale suitable for city government was met and (2) whether the expanded boundaries only include territory comprising an existing local community plus reasonably predictable growth and development in the next ten years. Discussion followed and the commission found that both standards had indeed been met. The chair called for a brief recess to allow staff to insert new text with the clarifications. After a recess, LBC staff Eileen Collins read the new text into the record: “The commission found that the proposed expanded boundaries of the city as amended by the commission on a scale suitable for city government because the boundaries allow the city to exercise local control over the territory and to maximize local self-government. Additionally, the commission found that the expanded boundaries of the city, as amended, comprise an existing local community plus reasonably predictable growth and development in the next ten years. The chair polled the commissioners, and four commissioners concurred that the standards in 3 AAC 110.130(c) have been satisfied.”
Commissioner Wilson moved to amend the motion on the floor to include the text that Eileen Collins read to the commission. Commissioner Harrington seconded the motion. The chair called for a vote on the amendment. Brent Williams called the roll and all five commissioners voted in favor.

Commissioner Wilson called for the commission and the chair agreed to call for a vote on the amended motion to approve the written decision on Dillingham.
