Subject: Annexation Soldotna Area 1 (one)
Date: Sunday, February 23, 2020 2:51:28 PM

Renske Vinke
43628 Oehler Road
Soldotna, AK

Dear Local Boundary Commission staff,

I have lived at this address since 1979. We built our home in 1980. I have a small farm (I am the only one on this road that Resides here all year around plus have lived here on this road the longest)

The city has tried to annex my area for many years and the residents on this road have been against any annexation.

This time the residents have not had any opportunity to vote on the latest annexation proposal.

I understand the city board voted it in, with the exception of area 5, the K beach area where Mr. Cox, a city board member resides. This appears to be self- serving on his part, and unethical for both Cox and the board. The residents in this area don't want their properties to be annexed either, and should receive the same consideration as Mr. Cox has.

The residents on this road have already paid the expense of providing our own water and septic services, and do not need these services from the city, nor should he have to pay the city for them.

We do not want to have to deal with the increased traffic that annexation will inevitably bring either to disrupt our quiet neighborhood.

We don't want the city police and animal control here. Can you imagine ME with my farm having to deal with animal control. That would mean every time my rooster crows I be getting an fine??

Again, I am against the annexation, as is everyone else on this road who were never notified of these actions and given any opportunity to oppose it.

This no way to go about making changes that affect so many people.
Please put me on record as opposing this forced annexation that was passed by the board without voting input from the citizens it affects.

Sincerely,

Renske Vinke
