Subject: Dillingham Annexation of the Nushagak Commercial Salmon District

Dear Commission,

As an Ekuk setnetter I would like to let you know that I oppose the annexation. The city of Dillingham provides me with zero services. To allow the City of Dillingham to tax Ekuk would in fact be taxation without any representation. In an industry that is seeing some of the worst prices in history, another tax could break the camels back. So please don't allow this unjust annexation of Ekuk be allowed.

Sincerely,
Earl D. Reynolds
