**Subject:** Proposed Annexation of Ekuk by Dillingham  
**Date:** Friday, February 26, 2016 2:31:57 PM

---

I am an Ekuk set netter for 57 years. I was raised in Dillingham. I am registering my opposition to the proposed annexation because I don't believe it is appropriate to tax without representation. I don't use any city services for which I am not already taxed. My freight does not cross Dillingham dock, I don't use the harbor or the landfill and I pay airport tax and tax on fuel and groceries when I pass through. To my knowledge there has never been an incident where St Troopers needed any assistance from Dlg City Police. This appears to be a grasping for additional revenue by Dillingham and I stand opposed. Especially in an industry struggling for a fair price.
