Our name is Janet and Dennis Ziemke. Address 47765 Diamond St. This letter is to inform you our feeling about Nikiski become a city. We need for us to be able to control the money given to bough. Our roads are terrible year around. Even with lots of complaints made, nothing done to make them better. Nikiski could be made into the city we deserve and want. The bough does not care about us, only the money given them to spend on themselves, not Nikiski. We who live here care and want to make our city a special city. Thank you,

Janet and Dennis Ziemke
