Subject: Incorporation of Nikiski

To: info@nikiskiinc.org

Dear Ms. Collins,

I, Daniel Mattson, and my wife, Elaine Mattson have been residents & property owners in Nikiski since 1992. Before that we were residents of Kenai for about 10 years. I have worked in one of the Industrial industries in Nikiski for about 30 years. I have since then retired. We would like to express that we definitely are in favor of incorporating Nikiski into a home rule city. This is long overdue and we support in favor of getting the Petition on the ballot for residents to vote their support of this Petition. We feel this will really benefit the Nikiski residents.

Thank you so much for the opportunity to express our opinion.
