Thank you for the opportunity to comment on the filed petition for the incorporation of Nikiski.

I am a Nikiski resident of 36 years. I was born here, left briefly to complete my college education and returned to raise my family here.

I am in passionate support of the petition for Nikiski's incorporation. It is essential to the continued identity of our community to have local governance and a self determination with regard to our community's future.

Thank you

Amber Douglas
