

Local Boundary Commission  
550 W. 7th Avenue, Suite 1640  
Anchorage, AK 99501

Dear Local Boundary Commission Staff & Commissioners:

As a property owner in the City of Dillingham, I support our community through payment of property tax to the City. The City's petition to annex a portion of the Nushagak fishing district and establish a fish tax will expand revenue sources coming into the City. This new source of revenue will help support City services, infrastructure and facilities without putting increased pressure on property tax owners.

Fishermen from around the world receive many City services while here commercial fishing, it is time for them to do their fair share when it comes to supporting the infrastructure they rely on for their fishing operations. I am in support of the City of Dillingham's annexation petition and the subsequent raw fish tax.

Sincerely,
