

ATTN. Dept. of Land Management

RECEIVED  
OCT 28 2011  
Local Boundary Commission

In interest of the  
borough petition.

I on behalf of my  
family - (Hallingstads + Lyons)  
are against this borough petition.  
We've had our lands for 6 generations.  
IT was purchased when it was  
a district - before it was a Territory +  
now a state. Our original deed  
is on Canvas + signed by President  
Hoover.

And if you want to  
look at Reality our family on the  
Attlingit side have been around  
for thousands of years. You are  
trying to tax our Heritage.

We have our main  
home's in Petersburg + have  
loved here for 6 generations.  
paying for our property taxes  
+ also City taxes. We go to our  
Summer Cabin every year. But  
work here in town. When going  
to Pt Agassissi we buy all our  
groceries, fuel + building supplies  
here + pay all taxes on those.  
But you want more from us  
for nothing. According to your  
petition you - don't have to provide  
anything. But if you want to take

our Land for power lines  
pipe lines or roads you can  
if you can take what you want  
if it benefits the borough.

You can also raise  
our mills to match town. Not  
only is this not fair, but is your  
way of stealing everyone's freedom  
of life + land.

There for those of  
us who pay all taxes in town,  
feel it unjust. Some of us  
who don't make big incomes will  
lose our lands we love so much.

I hope you will Realise  
most of us work and live here  
if you do this more people may  
move away because you have  
taken away their freedom of  
escape from town life to Relax.

Sincerely  
Colyn & Catherine  
Lyons
