(1) PERMIT ACTIVITY

Permit Holders in this section are defined as current permit holders at year-end. Not included are people who permanently transferred their permit away during the year, had their permit revoked, or people who received the permit through a temporary emergency transfer. This differs from the FISHING ACTIVITY section, which counts anyone who fished a permit. This may result in a lower number of permit holders than fishers.

City and State of Residence is based on the address and residency claimed year-end permit holder when issued the permit. This differs from the FISHING ACTIVITY section where where city and state of residence is based on that claimed by the person who held the permit at the time it was fished. (See Table Description for more information on residency assignment.)
