STATE OF ALASKA
DEPARTMENT OF COMMUNITY
AND REGIONAL AFFAIRS

I, BYRON I. MALLOTT, Commissioner, of the Department of Community and Regional Affairs, do hereby certify that the attached recommendation for a local government boundary change entitled

Recommendation for Correcting an Error in the Present Corporate Boundary Description of the City of Ambler

became effective on March 5, 1972.

In drafting the description of the approved boundaries of the City of Ambler for submission to the Seventh State Legislature, First Session assembled, an error of omission was made, resulting in an incorrect description of the corporate limits of the city. The error was of a ministerial rather than a decisional nature and was in direct conflict with the decision of the Local Boundary Commission. The Commission determined that it was in the best interest of the City of Ambler and the State of Alaska that this error be corrected.

THE COMMISSION'S recommendation was presented to the State Legislature pursuant to Section 12, Article 10 of the Constitution of the State of Alaska:

Section 12. Boundaries. A local boundary commission or board shall be established by law in the executive branch of the state government. The commission or board may consider any proposed local government boundary change. It may present proposed changes to the legislature during the first ten days of any regular session. The change shall become effective forty-five days after presentation or at the end of the session, whichever is earlier, unless disapproved by a resolution concurred in by a majority of the members of each house. . .

THE SECOND SESSION of the Seventh State Legislature received the Commission's recommendation on January 19, 1972, the tenth day of the legislative session. No resolutions requesting legislative disapproval of the Commission's recommendation were introduced. The Local Boundary Commission's "Recommendation for Correcting an Error in the Present Corporate Boundary Description of the City of Ambler" became effective on March 5, 1972, the forty-sixth day after presentation to the Legislature. The boundaries of the City of Ambler are now, therefore, as described by the Local Boundary Commission's recommendation, to wit:

Beginning at the NE corner of Section 28, T20N, R5E, projected, Kateel River Meridian, Alaska; thence West to the NW corner of the NE 1/4 of Section 26, T20N, R4E; thence South along the 1/4 section line to the SW corner of the SE 1/4 of Section 11, T19N, R4E; thence (West) East to the SE corner of Section 11, T19N, R4E; thence in a northeasterly direction to the SE corner of Section 28, T20N, R5E; thence North to the point of beginning, containing 12.0 square miles, more or less.

GIVEN under my hand and the Seal of the State of Alaska, in the City and Borough of Juneau, on this 5th, day of March, 1973.

Baron A. Nettleton
Commissioner
Department of Community and
Regional Affairs
