

STATE OF ALASKA
DEPARTMENT OF COMMUNITY
AND REGIONAL AFFAIRS

I, BYRON I. MALLOTT, Commissioner of the Department of Community and Regional Affairs, do hereby certify that the attached recommendations for a local government boundary change entitled

Recommendation for Correcting an Error in the
Present Corporate Boundary Description of the
City of Barrow

became effective on March 5, 1972.

In drafting the description of the approved enlarged boundaries of the City of Barrow for submission to the Seventh State Legislature, First Session assembled, an error of omission was made resulting in an incorrect description of the corporate limits of the city. The error was of a ministerial rather than a decisional nature and was in direct conflict with the decision of the Local Boundary Commission. The Commission determined that it is in the best interest of the City of Barrow and the State of Alaska that this error be corrected.

THE COMMISSION'S recommendation was presented to the State Legislature pursuant to Section 12, Article 10 of the Constitution of the State of Alaska:

Section 12. Boundaries. A local boundary commission or board shall be established by law in the executive branch of the state government. The commission or board may consider any proposed local government boundary change. It may present proposed changes to the legislature during the first ten days of any regular session. The change shall become effective forty-five days after presentation or at the end of the session, whichever is earlier, unless disapproved by a resolution concurred in by a majority of the members of each house. . . .

THE SECOND SESSION of the Seventh State Legislature received the Commission's recommendation on January 19, 1972, the tenth day of the legislative session. No resolution requesting legislative disapproval of the Commission's recommendation were introduced. The Local Boundary Commission's "Recommendation for Correcting an Error in the Present Corporate Boundary Description of the City of Barrow" became effective on March 5, 1972, the forty-sixth day after presentation to the Legislature. The boundaries of the City of Barrow are

now, therefore, as described by the Local Boundary Commission's recommendation, to wit:

Beginning at the southeast corner of the northeast 1/4 of Section 29, Unsurveyed T22N, R18W, Umiat Meridian, Alaska; thence North to the southeast corner of the northeast 1/4 of Section 17, Unsurveyed T22N, R18W; thence East to the southeast corner of the northeast 1/4 of Section 16, Unsurveyed T22N, R18W, Umiat Meridian, Alaska; thence North to the northeast corner of Section 16, Unsurveyed T22N, R18W; thence East to the southeast corner of southwest 1/4 of Section 10, Unsurveyed T22N, R18W; thence North to the northwest corner of the southwest 1/4 of the northeast 1/4 of Section 34, Unsurveyed T23N, R18W; thence East to the southeast corner of the northeast 1/4 of the northeast 1/4 of Section 34, Unsurveyed T23N, R18W; thence North to the point where the section line common to Sections 14 and 15, Unsurveyed T23N, R18W; intersects the mean low water line of the Chukchi Sea; thence in a southwesterly direction along the mean low water line of the Chukchi Sea to the point where the mean low water line of the Chukchi Sea intersects the east-west center line of Section 27, Unsurveyed T22N, R19W; thence East to the point of beginning, containing 21.0 square miles, more or less.

GIVEN under my hand and the Seal of the State of Alaska, in the City and Borough of Juneau, on this 5th, day of March, 1973.

Royce A. Malott

Commissioner
Department of Community and Regional Affairs
