

To Local Boundary Commission,

I oppose the Hoonah Boundary Petition

My name is Mark Elliott in 2003 I built my cabin in Elfin Cove, later in around 2011 I moved to the Cove.

For years our Community Government has done an excellent job here keeping things moving forward.

I must express my support of the Coves response to not wanting to be part of the petition to absorb Elfin Cove into their Borough.

I especially can't see anything positive for us in support or benefit to Elfin Cove.

Please do not let the petition move forward

Mark Elliott

Former Postmaster
