To whom it may concern:

I would like to thank the Alaska Local Boundary Commission staff for the work they have done on the preliminary report on the Xunaa Borough petition. The staff are experts on local and regional government and understand the difference between the two. While I am wholeheartedly against the current petition, I would support a regional government that represented all of the communities in our region. It seems the LBC staff are of the same mind. I am sure that the commissioners will make the correct decision and reject the petition.

Sincerely,

Tony Magart
