

**Kivalina Strategic Management Plan
Community Participation Report: Phase I**
Prepared by RIM First People
June 16, 2015

1. INTRODUCTION

The Kivalina Strategic Management Plan Community Participation and Input Report Phase I, describes the first phase of community participation and input. The information gathered and expressed in this report is for use in HDR's development of a Background Planning Report and eventually the Strategic Management Plan for the Native Village of Kivalina.

2. COMMUNITY BACKGROUND SURVEY

Administered by the Kivalina Community Coordination, the Community Background Survey introduced the Strategic Management Plan project to community members, assessed their knowledge of previous planning activities and helps the Project Team understand the needs and concerns of the community. A copy of the Community Background Survey can be found under Attachment A.

Date of Surveying: April 13th, 2015 – May 7th, 2015

Number of Respondents: 100

The following are the results of the Community Background Survey:

a. QUESTION: How long have you lived in Kivalina?

Respondents were asked to report their specific age. Age ranges were created to identify trends.

FINDING: Most of the respondents have lived in Kivalina for over 45 years.

	TOTAL	PERCENTAGE	RANK
Under 10 years	5	5.1%	5
11-15 years	3	3.0%	6
16-25 years	22	22.2%	3
26-35 years	25	25.3%	2
36-45 years	13	13.1%	4
Over 45 years	31	31.3%	1

b. QUESTION: How concerned are you about erosion, flooding, and severe storms in Kivalina?

Respondents were asked to choose their level of concern from the 4 options reported below.

FINDING: Over half of the survey participants are very concerned about erosion.

	TOTAL	PERCENTAGE	RANK
Very High	57	57.0%	1
High	21	21.0%	2
Moderate	15	15.0%	3
Low	7	7.0%	4

c. QUESTION: Are you familiar with the efforts to develop an evacuation route?

Respondents were asked yes or no.

FINDING: Most survey participants have some knowledge of the Evacuation Road project.

	TOTAL	PERCENTAGE	RANK
Yes	74	74.0%	1
No	23	23.0%	2

d. QUESTION: What are your biggest concerns about erosion, flooding, thawing permafrost and severe storms in Kivalina?

Respondents were asked to fill in answers to this open ended question. Responses were summarized into areas of concern.

FINDING: Survey participant's top three concerns are (1) Rapid loss of land in the village, (2) the danger and effects of flooding and (3) safety of community members, particularly elders and youth.

	TOTAL	FREQUENCY
Village is getting smaller/eroding	39	1
Flooding	32	2
Safety	22	3
Permafrost is Melting	19	4
Evacuation Route	15	5
Need Evacuation Plan in Place	8	6
No Housing Expansion	7	7
Contaminated Water/Sanitation	4	8
Food Security	4	
Minimize Environmental Impact	2	10
Agency Abandonment if Relocating	2	
Lose Heat and Electricity	1	12
Evacuation Shelter	1	

e. QUESTION: What issues regarding erosion, flooding, thawing permafrost, severe storms, and other climate change impacts should be considered in the SMP?

Respondents were asked to fill in answers to this open ended question. Responses were summarized into issue areas.

FINDINGS: Survey participant's top three considerations for the development of the SMP were (1) the development on an evacuation route out of the community to higher, safer ground, (2) relocating the community to higher, safer ground and (3) developing an evacuation plan to be fully prepared at the time of an evacuation. Many survey respondents saw the need for both the evacuation route in the short term, and relocation in the longer term.

	TOTAL	FREQUENCY
Evacuation Bridge/Road	58	1
Relocate	50	2
Evacuation Plan	12	3
Climate Change is Happening Fast	4	4
Need Supplies	4	
Planning to Minimize Environmental Impact	3	6
Housing Expansion	3	
More Study of the Village	3	
Using Local Knowledge	3	
Community Planning Mtgs	1	10
Multiple Plans for the Village	1	

f. QUESTION: Would you be interested in participating in future events regarding the Strategic Management Plan?

Respondents were asked yes or no.

FINDING: The majority of survey participants would be interested in participating in future SMP events.

	TOTAL	PERCENTAGE	RANK
Yes	64	64.0%	1
No	35	35.0%	2

g. QUESTION: Contact Information provided?

Respondents were asked to fill in their contact information. If any information was provided, it was counted as a yes.

FINDING: The majority of survey participants provided contact information in various formats.

	TOTAL	PERCENTAGE	RANK
Yes	76	76.0%	1
No	21	21.0%	2

3. COMMUNITY VALUES SURVEY

Administered by the Kivalina Community Coordinator, the Community Values Survey gives the Project Team an understanding of community member's top values and therefore, priorities for the Strategic Management Plan. A copy of the Community Values Survey can be found under Attachment A.

Date of Surveying: April 13th, 2015 – May 7th, 2015

Number of Respondents: 82

The following are the results of the Community Values Survey:

a. QUESTION: Gender

Respondents were asked to check their gender.

FINDING: The split between male and female survey participants are nearly equitable.

	TOTALS	PERCENTAGES	RANK
Female	42	51.2%	1
Male	40	48.8%	2

b. QUESTION: Age

Respondents were asked to report their specific age. Age ranges were created to identify trends.

FINDING: The majority of survey participants were between the ages of 18-35. This indicates that a number of participants in the values survey were different from those that participated in the Community Background Survey, where 33% of participants had lived in Kivalina 45 years or longer.

	TOTALS	PERCENTAGES	RANK
Under 18	0	0	0
18-25	19	23.2%	2
26-35	20	24.4%	1
36-45	12	14.6%	5
46-55	13	15.9%	3
56-65	13	15.9%	

66-75	5	6.1%	6
76-85	0	0.0%	0
85 or older	0	0.0%	0

c. QUESTION: Values

Respondents were given a list of 21 values and asked to pick the 10 important to them. In addition, respondents were able to add values that did not appear on the list.

FINDING: Over 90% of survey participants agreed that Family was their top value. 88% of participants agreed that Elders were their second most important value and 87% of participants agreed that Subsistence was their third most important value

	TOTALS	PERCENTAGES	RANK
Family	75	91.5%	1
Elders	72	87.8%	2
Subsistence	71	86.6%	3
Happy Healthy Children	63	76.8%	4
Clean Water	58	70.7%	5
Education	57	69.5%	6
Traditional Culture	52	63.4%	7
Friends	43	52.4%	8
Community	43	52.4%	
Jobs and Economic Opportunities	39	47.6%	10
Emergency Preparedness	38	46.3%	11
Healthy Lifestyle	36	43.9%	12
Spiritual Well Being	30	36.6%	13
Ability to Meet Housing Needs	28	34.1%	14
Cooperation	26	31.7%	15
Planning for the Future	23	28.0%	16
Personal/Community Safety	18	22.0%	17
Conflict Avoidance	13	15.9%	18
Community Involvement in Community Governance	10	12.2%	19
Recreation	9	11.0%	20
Open Decision Making	9	11.0%	

In addition to the values provided in the survey and ranked below in the data, some participants added their own values which include:

- Self Sustaining Community
- Self Sustaining Businesses
- Self Sustaining Educational Department

- Self Sustaining Department to Land and Water
- Self Sustaining Research Department
- Self Sustaining Educational Department of Past, Present and Future.
- Conflict of interest
- Whaling – Bowhead and Belugas
- Honesty
- Integrity
- Honest Leaders
- Patience within oneself

d. QUESTION: “The three things I would like to see happen to make Kivalina an even better place to live would be....”

Respondents were asked to fill in a response to this open ended question. The data and findings below reflect a summary of those responses.

FINDING: Survey respondents most typical answers were (1) running water and sewer in the community, (2) a new school, (3) space for more housing and relocating the village to safer, higher ground. Since these were narrative answers, they are not tabulated by a percentage as the totals reflect the number of times the topic was mentioned in survey responses. However, it is worth noting that the top ranking response – water and sewer – was mentioned 57 times across 82 survey responses.

	TOTALS	RANK
Water and Sewer	57	1
A new school	32	2
Space for more housing	28	3
Relocating Kivalina	28	
Jobs and Economic Opportunity	24	5
Improved Dumpsite	10	6
Overall Cleaner Community	8	7
Traditional Lifestyles continue on	8	
Evacuation Road	7	9
Children's Recreation Activities	6	10
Camp Sites	6	
VPSO	5	12
Improved Road	5	
Elder Assistance/Housing	4	13
Better Management	3	14
More & Better Training/Education	3	15
GED Mentors/Tutors	2	16
More discipline for children	2	
More community gatherings	2	

Adult Recreation	2	
Evacuation Shelter	2	
Evacuation Plan	2	
Taking better care of the land	1	22
Community Involvement in Governance	1	
Community Safety	1	
Community Cultural Center	1	
Honest Leaders	1	
Library	1	
Respect for both churches	1	

4. ELDER INTERVIEWS

In order to ensure the input of the community elders in the Strategic Management Plan process, the Kivalina Community Coordinator interviewed a selection of Elders from the community. The format of the interviews was meant to prompt a conversation to be recorded or noted. An overview of the respondent's comments is provided as the information is not as easy to metrically record. A copy of Elder interview questions can be found in [Attachment A](#).

Date of Surveying: April 13th, 2015 – May 7th, 2015

Number of Respondents: 12

Elder Interview Summary:

12 Elders were interviewed between the ages of 60 and 72 years old. Of the elders not born in Kivalina, most moved to the village because their family was originally from there, they married someone from the village or they came for the plentiful subsistence lifestyle the area offered. Of those elders who were in Kivalina as a child, they remember a clean, safe village that was quiet and fun. They appreciated the tight knit community and the abundance provided by subsistence from both the land and sea. One elder commented that people in Kivalina were "always smiling". Many remember a much larger beach and wider swath of land between the ocean and lagoon. They remember more open space, with fewer houses and an overall less crowded feeling. Their vision of the future is better living conditions for the next generations – more homes, water and sewer, new school, etc. Some hoped that the village relocated out of harm's way. Others hoped that the community would work together and continue the subsistence lifestyle.

5. CLASSROOM EXERCISE

Although no classroom exercise was completed in the community, there were an abundance of children present at the community gathering.

6. COMMUNITY GATHERING (94 Participants)

In addition to introductions and a project overview, the Project Team gathering input to identify and prioritize the community's top issues and values. A copy of the Community Gathering Agenda, the meeting flyer, meeting graphics and Sign-In sheet can be found under **Attachment A**.

The 94 participants recorded on the sign in sheet include both children and adults. Both children and adults were offered the opportunities to identify their top issues and values. Many of the Community Gathering participants completed the Community Background Survey.

Date of Meeting & Time: May 7th, 2015, 6pm

Meeting Location: McQueen School

Method of Advertizing: Meeting Flyer Postings and VHF

Number of Meeting Participants: 94

a. Community Issues:

In order to confirm the community's top issues, a portion of the meeting was devoted to establishing and prioritizing community issues. The Project Team presented a list of issues identified through research, the background planning report and community surveys. Meeting participants were asked to add any additional issues not already identified and the Project Team recorded these issues on large pieces of paper at the head of the meeting room. With all issues identified, the Project Team asked participants to individually rank their top three (3) by putting check marks by the three most important issues on the list.

FINDINGS: According to the independent voting at the Community Gathering, the top three issues identified by meeting participants were (1) Need Sewer and Water, (2) Lack of Employment and (3) Need for a Library¹. These top priorities correlate very closely with the top three things that Value Survey participant's identified as things that would improve the community.

At one point during the meeting, an elder mentioned that the community simply needed to build the evacuation road, build the school and relocate the community. There was informal consensus among the crowd of gathering participants.

The following findings and data have been synthesized to eliminate duplication or group similar ideas together. Note that each participant was given the opportunity to select their three highest ranking issues, however the total votes shown in the tables below reflect that not all meeting participants voted.

¹ Many of the children participation in the meeting voted for a library. The 4th issued identified was the need for a Village Public Safety Officer.

			TOTALS	RANK
Lack of Community Infrastructure	Sewer and Water	The community needs sewer and water services	16	1
		The community needs to keep the river clean	4	
		Poor water quality (slimy, Red Dog dumping?)	0	
		The community lacks clean water	0	
		The water tanks are not large enough for the community	0	
		Honey buckets need improvement or eliminated	2	
		The community needs access to showers	0	
	Community Landfill	The dump needs to be cleaned up, loose trash	0	
		Birds attracted to the dump are too close to planes at the airport	0	
		The community needs trash pick up	0	
		The community needs a dump truck	1	
	Housing Needs	The community needs low income housing	0	
		Elders need housing	0	
		Housing needs repairs	1	
	Snow Removal	Melting snow creates puddles making it hard to get around	0	
		The community has no way to quickly remove snow	1	
		The snow fence does not work	1	
	Roads	Roads need to be paved	0	
		The community needs a loader and water truck	0	
	Tanks	Fuel Tank location is unsafe for the community	0	
		Fuel tanks are contaminating soils	0	
	Other	The airport doesn't support medi-vac planes	0	
		The community needs a larger Laundromat	0	
		The community needs a fire response department	0	
		The community needs a library	5	3
		The community needs a playground, basketball, softball	2	
		The community needs a Senior Center	2	

Air Quality	Potential Emissions - Red Dog, AVEC, School, Honey Buckets	1	
	Wild Fires	0	
	Dust from roads and airstrip	1	
	New vegetation creates allergies	0	

Kivalina Strategic Management Plan
Community Participation Report: Phase I

Lack of Expansion Capabilities	Land is eroding away, the village needs more space	0	
	The community's housing is overcrowded	1	
	The community has no ability to expand the airport	0	
	The graveyard is being crowded in by buildings	2	
Changes to Subsistence Resources	Shorter season for Ugruk - bearded seal	0	
	Earlier arrival of bowhead and beluga whales	0	
	Dangerous Ice Conditions	0	
	Fewer walrus near the community	0	
	Ice cellars no longer work	0	
	Loss of Permafrost	0	
	Concern about fish health	0	
	Proposed access road crosses lagoon	0	
Lack of Evacuation Shelter	The community has no evacuation road	3	
	Poor weather limits air evacuation	0	
	The current school is too small for the community to use as a shelter	0	
	Proposed access road crosses the lagoon	0	
School	The community needs a new, improved school	3	
	The community needs early education	0	
	The proposed school site is 7 miles from town, too far to walk	3	
	The proposed school site limited parents ability to quickly get to their kids	0	
Community Morale	The community feels alone, need response/emergency oversight during flooding	0	
	Its taking too much time to take action to make the community safer	2	
	The community needs to build consensus	0	
	The community has fears associated with evacuation	0	
	The community needs to have more meetings, better communication	0	
	Leadership needs to participate (City and IRA)	0	
	No nepotism	2	
	No vandalism	0	
	A Village Patrol Safety Officer is needed in the community	4	4
	The way funding is used should be transparent	0	
	Locals need more training - Red Dog	0	

Kivalina Strategic Management Plan
Community Participation Report: Phase I

Funding	The community needs to focus on Relocation	1	
	The community requires large investments to relocate the village	0	
	State and Federal funding is limited and competitive	0	
	The community needs a grant writer	0	

Jobs and Employment	There is a lack of employment opportunities for adults in the village	7	2
	Equal opportunities for jobs should be provided - no nepotism	0	
	There is a lack of employment opportunities for teens in the village	0	
	The community needs more training	0	

b. Values

A portion of the meeting was used to rank the community's values. The list of values from the Values Survey was used to start the values discussion. Items were added to the list and meeting participants voted on their top values.

FINDINGS: According to the independent voting at the Community Gathering, the top value identified by meeting participants was (1) Need Sewer and Water. Three values tied for second place, (2a) Relocating the Village, (2b) Traditional Culture, (2c) Keeping the Village Clean. Other values that received more than one (1) vote, included (3a) Respect for Elders, (3b) Friends, and (3c) Jobs and Economic Opportunities. The prioritize Values varied from those established by the community survey, but follow the results of the three things that would improve Kivalina.

	TOTALS	FREQUENCY
Clean Water (water and sewer)	12	1
Relocate Village	4	2
Traditional Culture	4	
Clean Village	4	
Respect for Elders	2	3
Friends	2	
Jobs and Economic Opportunities	2	
Subsistence	1	6
Happy Healthy Children	1	
Emergency Preparedness	1	
Healthy Lifestyle	1	
Ability to Meet Housing Needs	1	
Personal/Community Safety	1	
Recreation	1	
Public Health	1	
Open Decision Making	1	
Family	0	
Education	0

ATTACHMENT A: Completed Community Background Surveys

The community of Kivalina and the Alaska Division of Community and Regional Affairs (DCRA) are working together on a Strategic Management Plan (SMP) to help Kivalina address ongoing threats such as erosion, flooding, thawing permafrost and severe storms due to a changing climate. This survey is to help the SMP project team better understand the needs and concerns of Kivalina residents.

Name: Larry Adams

How long have you lived in Kivalina? 54 years

How concerned are you about erosion, flooding, and severe storms in Kivalina?

☐ Low ☐ Moderate ☐ High ☒ Very High

Are you familiar with the efforts to develop an evacuation route?

☒ Yes ☐ No

What are your biggest concerns about erosion, flooding, thawing permafrost and severe storms in Kivalina?

The safety of the people of Kivalina.

What issues regarding erosion, flooding, thawing permafrost, severe storms, and other climate change impacts should be considered in the SMP?

Taking too long to move, we might flood,
We need a road to higher ground.

Would you be interested in participating in future events regarding the Strategic Management Plan?

☒ Yes ☐ No

Contact Information: (907) 645-5856

The community of Kivalina and the Alaska Division of Community and Regional Affairs (DCRA) are working together on a Strategic Management Plan (SMP) to help Kivalina address ongoing threats such as erosion, flooding, thawing permafrost and severe storms due to a changing climate. Name: Myra Wesley

How long have you lived in Kivalina? 39 years

How concerned are you about erosion, flooding, and severe storms in Kivalina?

 Low Moderate High X Very High

Are you familiar with the efforts to develop an evacuation route?

X Yes No

What are your biggest concerns about erosion, flooding, thawing permafrost and severe storms in Kivalina?

Having a bad ~~fall~~^{fall} storm and we flood in the dark
hours of the night. Seems most storms peak
late night when it gets dark. Erosion happens so
quick @ same time some places like flowing erosion
of sand.

What issues regarding erosion, flooding, thawing permafrost, severe storms, and other climate change impacts should be considered in the SMP?

Kivalina doesn't have high ground or once storm hit, ^{it} gets too
windy for aircraft, some parts of runway gets splashed ~~on~~
school. ^{it} supposed to be safest place, yet building is right on ocean
side. Pretty soon permafrost thaws, and we will literally fall
into the sea, we don't have many more years, the way our
storms ^{have been happening.}

Name: Hilda Koenig

How long have you lived in Kivalina? 55 years

How concerned are you about erosion, flooding, and severe storms in Kivalina?

 Low X Moderate High Very High

Are you familiar with the efforts to develop an evacuation route?

 Yes X No

What are your biggest concerns about erosion, flooding, thawing permafrost and severe storms in Kivalina?

Will we be able to evacuate safely & quickly
when the time comes being surrounded by water
on 4 sides? Spring time to evacuate would be
very hard on elders & little kids.

What issues regarding erosion, flooding, thawing permafrost, severe storms, and other climate change impacts should be considered in the SMP?

Having the elders & little children to be on
top list for evacuation, before able bodied adults & teens.

Would you be interested in participating in future events regarding the Strategic Management Plan?

 Yes X No

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Running Water at the homes,
(For ^{good} health)

More discipline towards our children.

More community gatherings for
cultural reasons.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

I would like to see Kivalina have running water and sewer.

More job opportunities.

Clean dumps & roads.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

I would like to see Kivalina get more New houses for people who want there own houses.

Also I would like Kivalina to get running water and sewer.

And I would like to see Kivalina to become more clean.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

running water with toilets,
bathrooms with bathtubs for every
household.

waste management, dumping for every
house hold.

Better recreational center, for the
children. Bigger playground, basketball
court. New housing's and New
School would be the main thing.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Water & Sewer

Alleviate land failure with
preventive measures

Additional housing.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Build new school.

new housing.

new jobs.

water & sewer.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Build A Road

move Village

New H/S e

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Build New School, Relocate Kivalina.

Wastewater and Running Water.

Better dumpSite.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

MORE SPACE !! to build more homes.

MORE SPACE !! and imbuting our traditional lifestyle to our younger generation.

More space !! and passing on our spiritual sensitivities to our young. Christian and traditional are not opposites!

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

More space to build more homes.

More space and imbuing our traditional ~~lifestyle~~ lifestyle to the younger generation.

Passing on our spiritual sensitivities to our young. Christian & traditional are not opposites.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

water / sewer - my kids
should be able to drink
safe water and have
flush toilet.

Employment - lots of jobs
that just don't hire only
family.

subsistence committee -
ppt. helping youngsters to
learn to cut uugruk and learn
to hang fish to dry.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Adult Game Clubs, running water,
Honest Workers; Leaders.

Bigger Schools,

Job oppertunities.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Law enforcement is the top thing that is needed in our community. Too many relatives favor their own. Better enforcement is definately needed here.

Runnig^{water} and Sewer is also a priority for Kivalina.

Relocation is also ~~is~~ needed or land fill. hardly any room for future expansion. families living with families.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Camp sites.

more houseing.

new, bigger School Bldg.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Build New School.

Build New Housing.

Build New Water & Sewerage.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

New School

More Job opportunities

Water and Sewer systems for each house hold.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Clean roads

Water & sewer

build
new school & houses

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

bigger school for our children

Land space so our children could at least have recreation/playground and not have to be climbing prohibited property. Its sad they dont have a place to play

Sewer

running water.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Building a new school
for our future leaders.

Running water & sewer
so families can live a clean lifestyle.

Elders teaching children & adults
values, subsistence, sewing, etc.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Stay in school.

Build new school,
and new Housing.

and clean water and sewer.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Running water
Sewage
Jobs

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Running Water

Clean and Safe Dumpsite.

Better Management

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Water & Sewer Treatment,

Relocation to prevent flood disaster.

Education, ~~of~~ ~~the~~

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Running Water
Flush Toilet.

more space for
houses.

Roads.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Running water & sewer

New housings, school

new village
more Jobs

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Three things that would make Kivalina a better place is running water,

more jobs oppertunities

no more guqtag on the
road (Honey buckets)

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Build New School
More Homes for ppl
We need Housing Space

Running Water & Sewer

Brand New Village With
Everything, it's too small
for lots of us.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Build new schools, new houses.

Running water and sewer.

Need to relocate and ^(build) evacuation bridge.

New Store

new JOBS

Things To do.

Pulmning

Running water

dumpsters

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Running water to all housing.

Get a place ^{or Building where} ~~where~~ the kids
Can play or have something
to do during the summer.

Get summer jobs for the kids,
so they can see how it feels to
have a job before they graduate.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

creating Activity's for Adults as well as Children.

more jobs for everyone.

and stop hiring family first. give others a chance to work.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

More Job opportunities in the Village.

Running Water

NWAI/ Public works that can do water deliveries and dump run for the people in this village. This can change our life style of living and have job opportunities.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

relocation. put all the issues that have to be met. List the things that would hurt the most.

I would recommend; water & sewer, but I know it is not the best grounds to put.

Cleaner place.
Organizations need to tend to what the community always have in mind. Tend to the alcohol & drugs. People are not being ashamed where they deal from open sites.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Village organizations that are stewards of the People's money need to be open and transparent about how they use that money. All Village organizations should be audited.

The village needs ~~an~~ to operate an economic development engine, taking advantage of Red Dog Port for cheap freight & lighterage costs from Seattle.

The village needs space to build sanitation infrastructure i.e. sewage & landfill facilities. The Kivalina lagoon is contaminated with fecal coliform & trash.

we could develop ~~our~~ & improve our existing facilities with improved communications & open governance.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Move the village
to a safer place, from the
erosion:

Everyone to get
along.

more houses

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Running WATER
We need to move Kivalina INLAND.

Seware.

BETTER Housing.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Cleaner community -

City & IRA

help people w/ dumping
their trash & ~~shit~~^{lol} feces.

Respect for both churches -

20
Togetherness in substance
~~mag~~ living - more donations
from organizations & the public.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Running water & sewer.

One government entity.

Relocate.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

for the evacuations plans
to succeed,

more job openings,

more housings with water
and sewer.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Running water - Running water is important because it will prevent sickness, especially for the elders + children, widows, + people living alone. Also for sewage.

Clean environment - having a clean environment is important for the community because it also prevent sickness.

Equal employment opportunities. Kivalina needs to be more equal with the community for employment. there is to much nepotism.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Better honey bucket's, like
incolet for every household.

more involment with our youth
to make sure our culture heritage
doent fade away! or go re-teach
oursel's about our inupiaq ~~value~~
values and make us stronger
People.

Build a ocean camp for spring
and one in the river to teach
our people to hunt and revive
our old traditions.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

relocation

Elder gas, stove oil, & water help.

More donation for elders.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Bigger school, better roads
and places for ppl to build homes
in the new town site and
definitely running water and
better dumps (organized one)

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

Running Water,

Cement Roads.

Keep trash off the ground.

Leroy John Adams

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

United as a community and tackle every issue that will prepare our future generations for any circumstances, now and in the oncoming future. Not only for the residence of Kivalina, but also any animals, vegetation and surrounding lands and water. This land and water that kept our ancestors alive for thousands of years. This is our duty to make sure our bloodlines can survive many thousand more years on the same lands.

Mend traditional culture with modern westernized knowledge. Meaning, educating our present generation of traditional laws and values, along side modern western laws that changes every couple of years. At first, it may seem hard and impossible, because it wasn't taught in schools or at homes. With an upgrade of agreements and policies and a side order of humbleness and dicipline we can change our corner of the world and spread it to the rest of the world to give every generation in every corner a chance to survive and adapt.

Create a co-opertional department that has a vote and say for every resident, council or business that exists today and in the future. To ensure generations survival in the future, whether it be residents or businesses on local lands or surrounding lands. Making agreements and policies within the departments that the local residence, councils and businesses are up to par to ensure the next generations survival whether it be surviving changing times and lands that we all depend on as a whole locally or nationally.

"The three things I would like to see happen to make Kivalina an even better place to live would be:"

24/7 → VPO, VPSO Stations (Drug) & (Alcohol) People.
(Free) (Free)

I would like to see the people in the Village Community live more healthier lifestyle.

Good eating, Sleeping & Exercising Habits. Better Communications amongst one another, between Younger & Older Generation. Better Teachers, Nice organized Principal,

Better Education for ^{All} Ages, High School or GEI Diplomas, Attend Training Schools, or Small Community Colleges. Be encouraged to receive an AA or an BA Degrees. Real become dedicated People in their own Traditional Culture.

* Safety Education For what to do, just in case we get Flood warnings or Earthquakes etc... Boys Cup Scott & Girls Scott Training For outdoor & indoor

Relocating Kivalina to A Safer Environment. Use

Where NO-ONE person would have to worry about Perma Frost Melting, Flooding, High Waves Earth quakes & our Land eroding & sinking underwater.

We need a Bridge build for us to run to

Safety, just in case we need to evacuate from the Island of Kivalina. We need A Game center ^{For children & Adults}

We need a new School Build for our students & Principals

& new Teachers. We also need water & Sewer system

We need a new Store Build as well as a community Buildings. We need A new church Build & the

Whole 90 Yards of Building A Brand New Village For the Community of Kivalina.

We Also Need A Camping Ground For our Village

good life & clean village.

4. If you were not born in Kivalina, why did you come here?

was born here.

5. What was Kivalina like when you came to live here?

6. What did you like about the Kivalina you remember?

clean village but no running
(water)

good communication.

7. Tell me a story about what you want Kivalina to be for your great, great grandchildren.

Would want them to have running water.

Work Together.

AGENDA

McQueen School

1. Introductions (Community Coordinator, 20 minutes)

The Community Coordinator will introduce the Project Team and ask each of the gathering participants to introduce themselves.

2. Opening Remarks/Prayer (Community Coordinator, 5 minutes)

The Community Coordinator, or a leader/elder they identify, will open the Gathering with a blessing or remarks.

3. Project Overview (Sally + Laurie, 15 minutes)

The Project Team will provide an overview of the Strategic Management Plan project and process.

4. Community Input Process (Community Coordinator + Michael, 10 minutes)

The Community Coordinator will provide an overview the input process to date. The Project Team will review the working agenda for the Gathering.

5. Community Issues (Michael + Laurie, 30 minutes)

The Project Team will summarize the Community Issues identified by the Team and by Open House participants. Gathering Participants will be asked to add any additional issues not already included and will select the top three issues through "dotmacracy".

6. Community Values (Community Liaison + Michael, 30 minutes)

The Community Coordinator and Project team will present the community values established through the survey process. Gathering Participants will be asked to add any additional values not already included and will select the top 10 values through "dotmacracy".

7. Next Steps (Sally + Laurie, 10 minutes)

The Project Team will outline the next steps in the development of the Strategic Management Plan and the community input process into the development of the Plan.

Community Gathering

KIVALINA STRATEGIC MANAGEMENT PLAN

The Alaska Department of Commerce, Community and Economic Development is working to develop a Strategic Management Plan for Kivalina. Please join our planning team – HDR and RIM First People for an open house and community gathering to share your input.

May 7, 2015

Open House 6-7pm

Community Gathering 7-9pm

McQueen School

For more information about the project or to complete project related surveys prior to the meeting, contact Kivalina's Community Coordinator Dollie Hawley.

All Are Welcome!

Strategic Management Plan

Issues

Community Infrastructure
No evacuation shelter
Air Quality
Overcrowding/Lack of
Expansion Ability

Changes to Subsistence
Resources
Community Moral
Lack of Funding
New School

Community Gathering Agenda

1. Introductions

2. Opening Remarks/Prayer

3. Project Overview

4. Community Input Process

5. Community Issues

6. Community Values

7. Next Steps

Kivalina Community Issues

Lack of Community Infrastructure

- no ability to expand airport
- loose trash from dump
- water tanks aren't large enough to hold enough water
- lack of clean water
- no evacuation route
- no ability to quickly remove snow
-

Kivalina Community Issues

Air Quality

- wild fires
- dust from roads
- new vegetation creates allergies
-

Kivalina Community Issues

Kivalina Community Issues

Overcrowding/Lack of Expansion Capability

- housing in erosion area
- as many as 15 people in one home
-

Kivalina Community Issues

Changes to Subsistence Resources

- shorter hunting season for Ugruk
- earlier arrival of bowhead and beluga whales
- thin ice means must travel farther to get to subsistence resources
- dangerous ice conditions
- fewer walrus near community
- ice cellars no longer work
- loss of permafrost
-

Kivalina Community Issues

Lack of Evacuation Shelter

- no road
- poor weather can limit air evacuation
- current school is too small
-

Kivalina Community Issues

New School

- proposed site is 7 miles from town
- transportation needed, too far to walk
- parents ability to get to kids is limited
- proposed access road crosses lagoon
-

Kivalina Community Issues

Community Morale

- taking too much time to take action
- building community consensus
- fears associated with evacuation
-

Kivalina Community Issues

Funding

- community requires large investment of money to relocate village
- limited state and federal funding
- increased competition for funding
-
