

Invitation for Public Comment

Iditarod Area

Regional Education Attendance Area School Board Recasting

Alaska Statutes at AS 14.08.051(c) require that within 90 days of the Federal decennial census, the Commissioner of the Department of Education and Early Development, in consultation with the Department of Commerce, Community, and Economic Development and the local communities, must review the school board apportionment scheme of each Regional Education Attendance Area (REAA) to determine if it meets the standards contained at AS 14.08.051(a). The standard is that each school board member must represent, “as nearly as practicable, an equal number of persons.”

A generally accepted standard for equal representation is that the population represented by each school board member not vary more than plus or minus five percent from the average. The average is determined by taking the total population of the REAA and dividing it by the total number of school board seats. When current representation varies by more than plus or minus five percent, the Commissioner must recast the boundaries of each section to more closely meet the standard.

Under the existing school board apportionment scheme for the Iditarod Area REAA, the overall deviation is 21.99 percent. Accordingly, to more closely meet the equal representation standard, the options identified below (*see attached map*) are being put forth for discussion and public comment. One of these options, or an option identified through the public comment process, may be recommended to the Commissioner for adoption as a replacement for the existing apportionment scheme.

Iditarod Area REAA has three sections containing a total of seven school board seats. Section I has four seats and includes the Cities of Anvik, Grayling, Holy Cross, and Shageluk and the Flat and Lime Village CDPs. Section II has one seat and includes the City of Nikolai and the communities of Lake Minchumina and Takotna. Section III includes the City of McGrath and has 2 seats.

- Option B moves Lime Village into Section II and adds areas north of McGrath into Section III. Option B has an overall deviation of 13.71%.
- Option C moves Flat, Lime Village, and Shageluk into Section II and adds areas north of McGrath into Section III. Under this apportionment scheme, Section I would have three seats, Section II would have two seats, and Section III would have two seats. Option C has an overall deviation of 10.52%.

Based on the REAA's demographic, socio-economic, linguistic, transportation, cultural, and communication considerations, the recommendation for the Iditarod Area REAA is to implement Option C.

More information on the REAA recasting can be found at <https://www.commerce.alaska.gov/web/dcra/>

If you are interested in the apportionment of the Iditarod Area REAA school board, you are invited to submit comments. You may do so verbally or in writing.

Verbal comments may be submitted by calling 907-465-5541 on October 11-15, 2021, between the hours of 10:00 am and noon, or by voicemail at that number.

Written comments should be emailed to reaa.recast.2020@alaska.gov or mailed to:

Attn: REAA Recasting
