Brevig Mission has just completed construction of a 4-phase, \$8.5 million piped water and sewer system and new landfill. This project was completed in November 2002. There are 56 residential customers at \$120 a month, 9 commercial customers at \$180 and Bering Strait School District at \$4,416.67 a month. The City also operates the trash haul system and sewage lagoon. The fee for trash haul is included in the residential w/s utility fee. Water is supplied from Shelmon Creek and is treated and stored in a 100,000-gallon tank at the washeteria. The tank is filled monthly. Water is piped into the school from the washeteria. The City Council is the policy making body for the utility.

RUBA Activity This Quarter

An Advanced QuickBooks Pro training was held during the last part of June, 2003. The city administrator and bookkeeper attended the advanced training and successfully completed it. The trainer from Mikunda & Cottrell, Inc. went to Brevig Mission in April and May to provide on-site QuickBooks training. The on-site training was successful, although the first training was cut short due to inclement weather in the area.

The revenues were slightly over \$144,000 and the expenditures were over \$155,00 with a deficit of \$13,000. The city council will be holding work sessions to remedy the deficit by cutting costs for the next fiscal year. The department had to purchase about \$16,000 of fuel this year.
