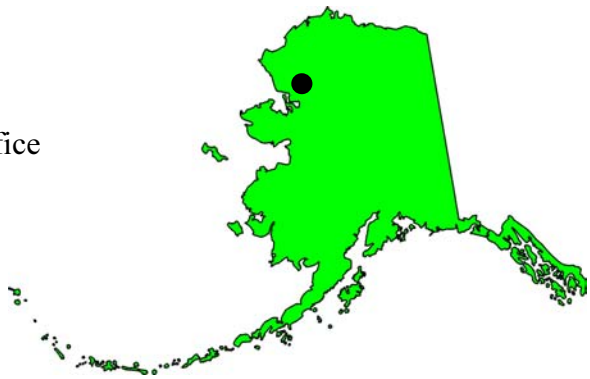
Kiana Activity Report

Community Overview



Lead RUBA Staff: Margaret Hansen, Kotzebue Office

2001 Population: 388

Region: Northwest Arctic

Local Governments: Second Class City

The City of Kiana operates the piped water & sewer system and maintains a central watering point were residents come to haul water to their residences. The City also maintains honeybucket pits and a sewage lagoon. The City Council is the policy making body for the utility.

A 200,000-gallon steel tank is intermittently filled from two wells near the Kobuk River. Water is chlorinated prior to distribution through buried water mains. Piped water and sewer are provided to 75 homes, the clinic, school and community hall. Kiana maintains a 6-inch buried gravity sewer system, which drains to a lift station and is pumped through a buried force main to the sewage treatment lagoon northeast of the village. A few households haul water and use honeybuckets or septic tanks. The landfill is located west of the sewage disposal lagoon. The site needs to be relocated. A water and sewer Master Plan is being conducted for needed infrastructure improvements.

RUBA Activity This Reporting Period

RUBA staff traveled on site to provide training and assistance to the new administrator and clerk on financial management, budgeting and grant reporting.

RUBA staff assisted in preparing their State Revenue Sharing application and capital matching grants for water/sewer improvements.

Capacity Indicators

Finances

Essential Indicators

Yes	No	
☒	☐	**All revenue and expenses for the utility are listed in the utility budget.**
☒	☐	**The utility has adopted a balanced realistic budget.**
☒	☐	**Monthly financial reports are prepared and submitted to the policy making body.**
☐	☒	**The utility is receiving revenues (user fees or other sources) sufficient to cover operating expenses.**

Sustainable Indicators

☐	☒	The utility is receiving revenues (user fees or other sources) sufficient to cover operating expenses and Repair & Replacement (R&R) costs.
☒	☐	YTD revenues are at a level equal to or above those budgeted.
☒	☐	YTD expenditures are at a level equal to or below those budgeted.
☒	☐	A monthly manager's report is prepared.
☒	☐	Budget amendments are completed and adopted as necessary.

Finances Comments: The city is doing fine in this area.

Accounting Systems

Essential Indicators

Yes	No	
☒	☐	**The utility has adopted a collection policy and actively follows it.**
☒	☐	**The utility bills customers on a regular basis.**
☒	☐	**An accounts receivable system is in place which track customers and reports past due accounts and amounts.**
☒	☐	**An accounts payable system is in place.**
☒	☐	**The payroll system correctly calculates payroll and keeps records**
☒	☐	**A cash receipt system is in place that records incoming money and what it was for.**
☒	☐	**The Utility has a cash disbursement system that records how money was spent.**

Sustainable Indicators

☒	☐	A chart of accounts is used that identifies categories in a reasonable, usable manner.
☒	☐	Monthly bank reconciliations have been completed for all utility accounts.
☒	☐	The utility has a purchasing system that requires approval prior to purchase, and the approval process compares proposed purchases to budgeted amounts.

Accounting System Comments: The council has hired a very experienced bookkeeper/clerk for the city. She does a very fine job of reporting and keeping up using QuickBooks Pro accounting system. The city also hires a utility manager to oversee all utility, fuel and cable payments to the city. She holds regular utility board meetings.

Tax Problems

Essential Indicators

Yes	No	NA	
☒	☐		**The utility has a system to accurately calculate, track, and report payroll tax liabilities.**
☒	☐		**The utility is current on filing tax reports.**
☒	☐		**The utility is current on making tax deposits.**
☒	☐	☐	**If there are any past tax liabilities, a repayment agreement has been signed and repayments are current.**

Tax Problems Comments: The city has no problems here.

Personnel System

Essential Indicators

Yes	No	
☒	☐	**The utility has a posted workers compensation insurance policy in effect.**

Sustainable Indicators

☒	☐	The utility has adopted and uses a Personnel Policy, which has been reviewed by an attorney, AML, or DCED for topics and language.
☒	☐	The utility has adequate written job descriptions for all positions.
☐	☒	The utility has adopted and follows a written personnel evaluation process that ties the job description to the evaluation.
☒	☐	The utility has an adequate written hiring process.
☒	☐	The utility has personnel folders on every employee that contain at least: I-9, Job Application and Letter of Acceptance.
☒	☐	The utility has a probationary period for new hires that includes orientation, job-training/oversight, and evaluations.
☒	☐	The utility provides training opportunities to staff as needed and available.

Personnel System Comments: The city has had turnover this last year and have hired very competent staff who should be able to follow through with evaluations timely.

Organizational Management

Essential Indicators

Yes	No	
☒	☐	**The entity that owns the utility is known and the entity that will operate the utility is set.**
☒	☐	**The policy making body is active in policy making of the utility.**
☒	☐	**The policy making body enforces utility policy.**
☒	☐	**The utility has a adequately trained manager.**
☒	☐	**The utility has a adequately trained bookkeeper.**
☐	☒	**The utility has a adequately trained operator(s).**
☒	☐	**The utility has adopted the necessary ordinances (or rules and regulations) necessary to give it the authority to operate.**

Sustainable Indicators

☐	☒	The utility has adopted an organizational chart that reflects the current structure.
☒	☐	The policy making body meets as required.
☒	☐	The utility complies with the open meetings act for all meetings.

Organizational Management Comments: The council is very concerned that they cannot get their operators certified and are trying to find out why they have not been able to pass the test.

Operation of Utility

Essential Indicators

Yes	No	
☒	☐	**The utility operator(s) are actively working towards necessary certification.**
☒	☐	**The utility has a preventative maintenance plan developed for the existing sanitation facilities.**

Sustainable Indicators

☒	☐	The manager receives a monthly O&M report from the utility operator and routinely "spot checks" the facilities to see that the maintenance items are being completed.
☐	☒	The utility has a safety manual and holds safety meetings.
☒	☐	Utility facilities have not suffered any major problems/outages due to management issues that are still unresolved.
☒	☐	The utility is operating at the level of service that was proposed.
☒	☐	The operator provides status reports to the manager on a routine basis.
☒	☐	The utility has completed and distributed its Community Confidence Report (CCR).
☐	☒	The utility is not on the Significant Non-Compliance (SNC) list.
☒	☐	The utility maintains an inventory control list.
☒	☐	The utility maintains a critical spare parts list.

Operation of Utility Comments: They have one two year operator on staff who works with the operators to provide emergency help as needed. The administrator will work with current utility manager to get new operators certified.

RUBA Activities For The Coming Quarter

RUBA staff will travel to Kiana to provide on site training and assistance for year end tax reporting and balancing.
