

Koyukuk Activity Report

Community Overview

Lead RUBA Staff: Eileen Kozevnikoff, Fairbanks Office
 2003 Population: 111
 Region: Interior
 Local Governments: 2nd Class City

The City of Koyukuk operates the central watering point at the washeteria and residents haul their own water. The City also maintains honeybucket pits and the sewage lagoon. The City Council is the policy making body for the utility. Residents haul treated well water from the washeteria and use honeybuckets or pit privies. Households are not plumbed. The school and washeteria use City water, with sewage disposal into a lagoon. A Master Plan is underway, and preliminary work has begun to upgrade the community to a flush/haul system. There are five households on the honeybucket haul demonstration system, which is paying for itself.

RUBA Activity This Reporting Period

Communication has been via telephone and fax this quarter. Two tribal members attended and participated in the Financial Management Workshop held in Tok in September.

<input type="checkbox"/>	<input checked="" type="checkbox"/>	A monthly manager's report is prepared.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Budget amendments are completed and adopted as necessary.

Finances Comments:

Financial and Manager's reports are submitted to the council on a quarterly basis however the financial reports are not sufficient enough to tell the council members exactly where they are with funding. No budgets are entered so basically all they are seeing is an expenditure report.
