The Kwethluk Utilities Commission operates the water treatment plant, washeteria, garbage collection, and the honey-bucket haul system for the community. The Kwethluk Utilities Commission Utility Board is the policy making body for the utility. A new washeteria/water treatment plant is still under construction through Alaska Native Tribal Health Consortium (ANTHC) engineering services. The school and teachers' housing have their own water sewer systems. There are bins located sparingly throughout the community for the container haul system, these are hauled to the sewage lagoon on a concurrent basis. Very few homes have running water or plumbing for showers, but many residents have sauna's.

RUBA Activity This Reporting Period

Margaret Fitka, City Clerk, called needing assistance with filing the 2nd 941 quarterly report. The prior bookkeeper who resigned put the payroll records in a format she could not understand. I had her send me the gross salaries and federal tax withholding figures and worked up a sample using her figures and faxed it back to her. RUBA staff met with Eldridge Moss, IRS, concerning missing quarterly reports and payroll tax deposits from the Kwethluk Utility Commission. I contacted Alfred Michael, Acting Manager for KUC and he informed me that Ray Nicholai, Manager, had resigned and he was trying to get caught up doing the reports. He said he completed the 2005 941 3rd quarterly report and mailed it. He is working on the 3rd and 4th quarters of 2004. There were no payroll tax deposits made during these quarters. KUC is having cash flow problems at this time and cannot pay the payroll tax liabilities incurred. It was recommended that he contact Eldridge Moss and update him on situation. A meeting between the KUC, City and IRA Councils is scheduled for December 20, 2005 to discuss possible dissolution of KUC.
