

McGrath Activity Report

Community Overview

Lead RUBA Staff: Greg Gould, Anchorage Office

2000 Population: 401

Region: Doyon

Local Government: Second class city

McGrath operates a piped water system that serves nearly all 178 households; a few homes have individual wells or haul water. The FAA operates its own water system. The majority of residents use individual septic tanks; a limited City sewage system serves approximately 34 homes. Funds have been requested to expand the piped sewer system to the 144 houses and businesses currently using septic tanks. A private firm, McGrath Trash & Refuse, collects refuse for disposal at the City landfill.

RUBA Activity This Quarter

McGrath is a new RUBA community. Staff have made one trip to McGrath this quarter. The council has signed a RUBA agreement and a work plan has been established. A RUBA assessment has been completed and RUBA staff presented Newly Elected Officials and management training to the council and administrative staff.

Finances Comments: The city has capacity in their finances and financial management. The council has been struggling recently with finding a format for the monthly financial statements and reports from the city staff. They have been trying to balance the need for receiving complete and accurate information and getting too much information that can be confusing. During this quarter’s trip, RUBA staff was able to provide a sample monthly report format. The council was able to review the format during the training’s. The council will use this format for the next several months and see if it meets the needs of the council and the city staff.

<input type="checkbox"/>	<input checked="" type="checkbox"/>	The utility maintains a critical spare parts list.

Operation of Utility Comments: The utility currently does not have a preventive maintenance plan. This is one of the priorities in the work plan that has been established between RUBA and the council.

RUBA Activities For The Coming Quarter

The goal for the coming quarter is to provide both administrative and on-site assistance to the community. The city code will be digitized and formatted and made available to the city so they may codify their code on-site and not have to pay for periodic updates. A rate study will be performed to outline current utility expenses and revenues in order to allow the council to make an informed decision about current and future utility rates.
