

Minto Activity Report

Community Overview

Lead RUBA Staff: Eileen Kozevnikoff, Fairbanks Office

2002 Population: 229

Region: Interior

Local Governments: Village Council

The Minto IRA Council has been responsible for the administration of the water and sewer utility in the village since the relocation of the village to its present site between 1968 and 1972. When a feasibility study was completed in 1996 the Minto IRA had been on course to improve and expand the water and sewer utility in the village. They are currently constructing Phase I improvements and intend to administer the operations and maintenance of the utility when the improvements are completed. Improvements include changing the single-loop water distribution system to a 3-loop system; improving the fire safety and code issues in the water treatment plant; expanding the system to Block 6 and serving 5 unimproved lots; rehabilitate the water service main connections; construct well-houses on existing wells; provide a back-up electrical generation system and install new boilers and water add-heat systems.

The Minto IRA is currently responsible for the management of the local water and sewer services for approximately 74 occupied homes, the school, the Minto Lakeview Lodge, Post Office, a multi-purpose building (under construction) and a proposed clinic. There is no local washeteria. The Minto IRA also owns and operates a local landfill.

RUBA Activity This Reporting Period

RUBA staffs maintained contact via telephone and fax with the tribal administrator and bookkeeper on various financial and grant issues. They are currently working on trying to find matching funds for the new clinic. The new community center was completed with two days of celebrating with potlatches, honoring the chief and dances.
