

Nulato Activity Report

Community Overview

Lead RUBA Staff: Irene Catalone, Fairbanks Office

2003 Population: 342

Region: Interior

Local Governments: 2nd Class City,

Village Council

The City of Nulato operates a piped water system in the new townsite as well as a washeteria. They operate a washeteria at the old townsite. The City Council is the policy making body for the utility. Water is derived from wells and is treated. A piped water and sewer system was completed in 1996 for 53 homes in the Nulato new (upper) townsite, with bathroom and kitchen plumbing. Currently there are approximately 70 homes and 7 public facilities, plus the school and 5 teacher housing units, hooked up to the water/sewer system. The washeteria has recently undergone major renovations. Thirty-four unserved residences in the lower townsite haul water from the lower townsite washeteria or the Nulato River, and use honeybuckets or outhouses. A new sewage lagoon for the lower townsite washeteria was recently constructed. Water and sewer improvements to five teacher housing units were completed last year, but the city has been experiencing repeated problems with that new system. A feasibility study for water/sewer in the lower townsite and for expansion of the new townsite water/sewer system is currently underway. A landfill feasibility study has been completed, and the Tribal Council is planning to request funding from the Denali Commission for a burn box. Electricity is provided by AVEC. There is one school located in the community, attended by approximately 90 students.

RUBA Activity This Reporting Period

During this reporting period assistance was provided to Nulato in terms of election questions and financial information. The FY 05 budget has been introduced. However, no further action has been taken on it to date. The mayor has been out of town a lot and the remaining council members won't approve the budget without him. Financial reports are being provided on income and expenditures. RUBA staff discussed both the budget and the need to get it passed as well as the need to talk to the operator about either doing the CCR or having the clerk get it done. The council has not been meeting on a regular basis.
