

Nunapitchuk Activity Report

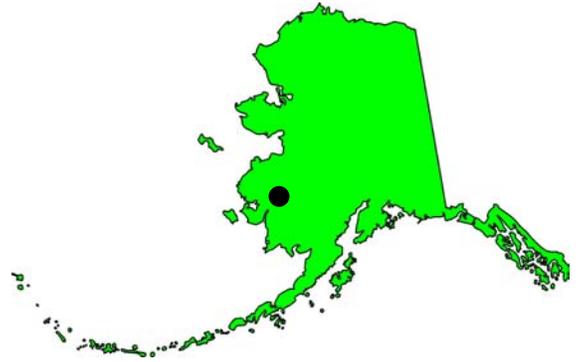

Community Overview

Lead RUBA Staff: Johnny Evan, Bethel Office

2001 Population: 466

Region: Lower Kuskokwim

Local Governments: Second Class City, Village Council

The City of Nunapitchuk operates the central watering point and provide a water truck delivery service. The City operates the washeteria and provides a honeybucket haul service.

Well water is treated and supplied from a central tap year round. Fifteen additional flush/haul units are currently under construction and are slated to complete by February 2002. Remaining households not in the flush haul system, haul their own water and honeybuckets. Sewage containers are located throughout the City, and are emptied into one of two new sewage lagoons (one on each side of the River). The City provides piped water to the school. Teacher's housing, located in the old school, has an independent water and sewer system that needs improvements.

<input type="checkbox"/>	<input checked="" type="checkbox"/>	The utility maintains a critical spare parts list.

Operation of Utility Comments: The washeteria/water treatment plan should have in place a preventative maintenance plan as all other communities do. VSW is assisting the community in developing preventative maintenance plans. Safety meetings and/or ideas are not routinely conveyed to the operators. They are expected to comply with the safety precautions that came with the asset. The community has not completed CCR's in the past.

RUBA Activities For The Coming Quarter

The goal for the coming quarter is to develop a rate analysis for the second water treatment plant and assist the community in developing a business plan for utility services.
