

Pilot Station Activity Report

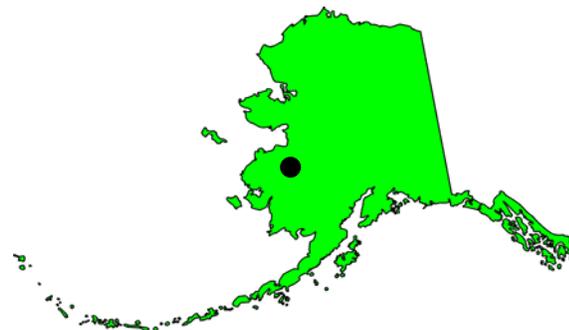

Community Overview

Lead RUBA Staff: Marita Hansen, Bethel Office

2003 Population: 564

Region: Lower Yukon

Local Governments: 2nd Class City

The City operates the water and wastewater system. All the residential customers are now connected to the community's piped water and sewer system, to include the City, Tribal, and Headstart buildings respectively. Relocation of the landfill/lagoon is up for proposal.

RUBA Activity This Reporting Period

As in the past, this quarter, RUBA has been in contact with this community utilizing the phone, fax and mail (large documents). The City is still experiencing some financial hardship. The City has been addressing the AVEC delinquent accounts. They are hopeful that they will be caught up in January 2006. The City continues to work with Mr. Moss, IRS and DOL in resolving their tax problems. She is making efforts to get caught up with December payments and is hopeful that this will also be caught up in January 2006. Necessary copies have been received by RUBA for the community file. The Water/Sewer department has experienced a major leak on the main line this winter. They just found out last month when a resident noticed freezing water close to the home. The city will be contacting ANTHC regarding this problem. Earlier in the fall, a fire hydrant was placed in this area and the administrator/bookkeeper/clerk is wondering if a puncture may have happened that started a slow leak. However now it is very noticeable. She will keep RUBA informed of progress.
