

Shishmaref Activity Report

Community Overview

Lead RUBA Staff: Josie Morrow, Nome Office

2000 Census Population: 562

Region: Bering Straits

Local Governments: Second Class City

The City of Shishmaref operates a central watering point, a water truck delivery service, multiple watering points and the washeteria. They also provide a honeybucket haul service. The City Council is the policy making board for the utility.

Water is derived from a surface source, is treated and stored in a new tank. Shishmaref is undergoing major improvements, with the construction of a flush/haul system and household plumbing. 19 HUD homes have been completed, and 71 homes remain. The new system provides water delivery, but the unserved homes continue to haul water. Honeybuckets and the new flush tanks are hauled by the City. The school, clinic, Friendship Center, City Hall and fire hall are connected to a sewage lagoon. A new landfill is planned for the City; an access road is under construction.

General Information

Due to staff turnover there is no information available for this community this quarter.

Anticipated Activity

Leroy Seppilu, LGS/RUBA in the Anchorage office, will be moving to the Nome Regional Office September 1, 2001, and will continue to work with the City.
