

Tanana (Too'gha) Activity Report

Community Overview

Lead RUBA Staff: Eileen Kozevnikoff, Fairbanks Office

2001 Population: 308

Region: Interior

Local Governments: First Class City

Water and sewer utilities are operated by Too'gha, Inc., a non-profit. Water is derived from three wells near the Yukon River, and four watering points are available. In 1970, 55 individual wells were drilled, but due to permafrost and poor water quality, the project essentially failed. Nearly all residents now haul their own water from the washeteria and use privies and honeybuckets. In 1976, a piped water and sewer system was constructed to serve the school, teacher's quarters, clinic, senior center, and IRA Council building. Funds have been provided to overhaul portions of the City's piped systems. A new washeteria and water treatment plant were recently completed. Construction has begun to replace the failing pipes in 40 homes downtown. The landfill uses an incinerator, and provides recycling services.
