RE: FY 2016 Population Determination

Dear Mr. Green,

The Division of Community and Regional Affairs (DCRA) reviewed the census documentation for Rampart as received on June 11, 2015. You requested that the July 1, 2014 population count of 21, as estimated by the State Demographer at Alaska Department of Labor and Workforce Development, be adjusted to 32 based on the census you conducted between June 1-9, 2015.

We have determined that the census was conducted in accordance with DCRA procedures and agree with your population count of 32 persons. Consequently, the Department of Commerce, Community, and Economic Development will use a population figure of **32** for Rampart in FY2016 financial assistance programs.

If you have any questions about procedures used in making this determination, please contact Manjula Boyina, Research Analyst IV, at (907)269-7959.

Sincerely,

A handwritten signature in blue ink, appearing to read "Katherine Eldemar".
