NOTES TO USERS

For information and analysis about the map, contact project, contact with the FEMA regional or state office. See Flood Insurance Program at 1-800-638-6620. To determine if flood insurance is available in the community, contact your insurance agent or call the National Flood Insurance Program at 1-800-638-6620. For community and countywide map dates refer to the Flood Insurance Study report for this jurisdiction.

ATTENTION: The lines, data or other features that are not shaded or otherwise colored on this FIRM panel are not flood hazard data. To determine flood hazard data and flood risk outside the Flood Insurance Rate Map (FIRM) boundary, contact your insurance agent or call the National Flood Insurance Program at 1-800-638-6620. For community and countywide map dates refer to the Flood Insurance Study report for this jurisdiction.

This information was derived from digital orthophotography at a 1.5-foot resolution from photography dated 2009. This information is accurate to the extent that

topography, other features, and other data were correct at the time of photography. This information was derived from digital orthophotography at a 1.5-foot resolution from photography dated 2009. This information is accurate to the extent that

topography, other features, and other data were correct at the time of photography. Maintenance of data concerning mapped features is the responsibility of the community in which the features are located. Data concerning mapped features should be verified by the user. This information is intended to be used for determination of flood hazard data and flood risk outside the Flood Insurance Rate Map (FIRM) boundary, contact your insurance agent or call the National Flood Insurance Program at 1-800-638-6620. For community and countywide map dates refer to the Flood Insurance Study report for this jurisdiction.

Field Visits: In general, field visits are not conducted on the map unless indicated on the FIRM. Field visits may be performed by an insurance adjustment representative if the insurance policyholder
requests. The insurance adjustment representative may perform a field visit to determine if a property is located in a flood hazard area. This information is intended to be used for determination of flood hazard data and flood risk outside the Flood Insurance Rate Map (FIRM) boundary, contact your insurance agent or call the National Flood Insurance Program at 1-800-638-6620. For community and countywide map dates refer to the Flood Insurance Study report for this jurisdiction.
