NOTES TO USERS

For information and analysis about this map, contact [insert contact information]. For [insert relevant information], contact [insert contact information].

The information depicted on this map and supporting features are based on information provided by the Federal Emergency Management Agency (FEMA) and other federal, state, and local sources, and are subject to change without notice. The information is intended for use as an aid in the preparation of flood insurance ratings, determination of flood risk, and related flood mitigation efforts. The information is not intended for legal purposes or for use as a guide for physical development. The information is subject to change, and it is recommended that users consult with local officials or [insert relevant authority] to confirm the current status of the information.

The information was derived from digital orthophotography at a 1.5-foot resolution from photography dated [insert date].

Base map information shown on this FIRM was provided in digital format by [insert provider].

To determine if flood insurance is available in the community, contact your insurance agent or call the National Flood Insurance Program at 1-800-638-6620.

Additional information and resources related to flood insurance and mapping can be found at [insert relevant website].

For information and questions about this map, available products associated with this FIRM including historic versions of this FIRM, how to order products or the National Flood Insurance Program in general, please call the FEMA Map Information eXchange at 1-877-FEMA-MAP (1-877-336-2627) or visit the FEMA Map Service Center website at http://msc.fema.gov.
