OTHER AREAS OF FLOOD HAZARD INFORMATION

SPECIAL Flood Hazard Areas

- Regulatory Floodway
  - 50% Annual Chance Flood Hazard. Areas of 50% annual chance flood with average depth less than one foot and drainage areas of less than one square mile.

- Future Conditions 1% Annual Chance Flood Hazard
  - Area with reduced flood risk due to levee

- Sun Notes
  - Area Determined to be Outside the 1% Annual Chance Flood Hazard

- Non-accredited Levee, Dike, or Floodwall

GENERAL STRUCTURES

- Cross Sections with 1% Annual Chance Water Surface Elevation (WSE)

- Coastal Transect

- Coastal Transition

- Profile Baseline

- Hydrographic Feature

- Base Flood Elevation Line (BFE)

- Limits of Study

NOTES TO USERS

For information and analyses about this map, contact your insurance company, agent, or the FEMA Regional Office. The data in this map have been derived from a variety of sources, and should be interpreted as representing the best available information at the time of publication. This map does not supersede, amend, or change the requirements of the National Flood Insurance Program (NFIP) regulations. The NFIP regulations are the definitive authority for the determination of flood hazard areas. Use of this map by any other party is permission and constitutes an express contractual agreement. Furthermore, the map cannot be reproduced, reissued, or reduplicated without prior written consent of FEMA. FEMA reserves the right to make technical changes to the data at any time and without prior notice. The data are provided in an "as is" condition and there are no warranties, expressed or implied, with respect to the accuracy or completeness of the data. Any liability for use of this information is expressly disclaimed. This map is for general information purposes only and may not be used for precise measurements. The map is subject to revision, update, and correction. It is the responsibility of the user to determine the suitability of the content for their specific application. Users are encouraged to verify the accuracy and suitability of the data for their intended use. For more information, contact your insurance company, agent, or the FEMA Regional Office. The map is not a legal document and does not contain all of the floodplain information required by law. It is recommended that users consult the appropriate sources to determine if flood insurance is available in the community. To determine if flood insurance is available in the community, contact your insurance agent or call the National Flood Insurance Program at 1-800-638-6620. To determine if flood insurance is available in the community, contact your insurance agent or call the National Flood Insurance Program at 1-800-638-6620.
